

Global PV Storage Insights

Average Solar Panel price per 800MW in Ukraine

Overview

In our experience with investors, the average price for operational solar stations today is 900-950 thousand euros for each megawatt station (meaning the solar module or DC, not inverter capacity).

In our experience with investors, the average price for operational solar stations today is 900-950 thousand euros for each megawatt station (meaning the solar module or DC, not inverter capacity).

Now the price of high-quality ready-to-build solar projects is at the level of Euro 40-50 thousand per 1 MW (depending on capacity, cost of connection, location, and other factors). But one should note that far from all the projects are at the level where such prices can be offered. For solar.

This dashboard provides an overview on the latest Solar PV costs.

The Solar Energy Association of Ukraine says the country installed 800 MW to 850 MW of solar capacity in 2024, driven mainly by business and residential installations. Developers added around 800 to 850 MW of solar capacity in Ukraine in 2024, according to estimates shared by the Solar Energy.

As of Q2 2024, photovoltaic panel prices range from \$0.18 to \$0.28 per watt in Ukraine, influenced by: Did you know?

Ukraine's solar capacity grew 37% year-over-year in 2023, driven by energy independence demands. What's Driving Solar Affordability?

Three game-changers are reshaping Ukraine's solar.

In Ukraine, electricity generation in the Solar Energy market is projected to reach 6.18bn kWh in 2025. The country is expected to experience an annual growth rate of 1.42% (CAGR 2025-2029). As Ukraine increasingly invests in solar energy infrastructure, the market is poised for significant growth.

Ukraine's National Renewable Energy Action Plan, adopted in August 2024, sets renewable energy targets of 27% of electricity consumption and 25% of

generation (2022: 14.3%), to be achieved by 2030. To achieve this, the plan foresees a total installed capacity of 12.2 GW of solar energy (5GW of.
