Container energy storage project financing options in Egypt 2025

Overview

The funds will contribute to the equity commitments required for the construction of a 1 gigawatt-alternating current (GWac) photovoltaic solar plant and a 200 MWh battery energy storage system (BESS) in Nagaa Hammadi.

The funds will contribute to the equity commitments required for the construction of a 1 gigawatt-alternating current (GWac) photovoltaic solar plant and a 200 MWh battery energy storage system (BESS) in Nagaa Hammadi.

The European Bank for Reconstruction and Development (EBRD) is supporting Egypt 's renewable-energy sector by providing a US\$ 30 million equity bridge to Obelisk Solar Power, a special purpose vehicle owned by Scatec ASA, a leading global renewable energy developer and a key strategic client for.

The financial closure of two major large-scale projects in Egypt signifies a promising advance for the country's emerging energy storage sector. Recently, developers Scatec and AMEA Power reached this critical development milestone for their respective projects. Norway-based Scatec secured.

The Egyptian Electricity Transmission Company (EETC) has signed power purchase agreements (PPAs) with two renewable energy developers - Scatec and AMEA Power - to advance large-scale solar and battery storage projects in the country. Norwegian renewable energy producer Scatec has secured a 25-year.

The financial close of two significant large-scale projects in Egypt could mark progress for the country's nascent energy storage sector. Developers Scatec and AMEA Power have both achieved the development milestone for their projects in the past few days. Norway's Scatec closed on a gigawatt-scale.

Exciting news is coming out of Egypt as Scatec ASA hits a major milestone with the financial close of its "Obelisk" hybrid solar and battery storage project. This landmark venture is set to make waves in the renewable energy

sector, marking a pivotal step forward for sustainable energy in Africa.

The energy project will encompass a 1GW solar and 100MW/200MWh battery storage hybrid project, the first of its kind in Egypt. Construction on a solar and battery storage hybrid project in Egypt is set for the first half of 2025. The project will encompass a 1GW solar and 100MW (200MWh) battery. Will Egypt build a solar and battery storage hybrid project?

The energy project will encompass a 1GW solar and 100MW/200MWh battery storage hybrid project, the first of its kind in Egypt. Construction on a solar and battery storage hybrid project in Egypt is set for the first half of 2025.

What is a hybrid energy project in Egypt?

It will be one of the first hybrid renewable energy projects in Egypt and is expected to serve as a pilot for uptake of the technology in the country. The project will support the green energy transition in Egypt while helping keep the grid stable and reliable in the face of growing electricity demand.

How does the EBRD invest in Egypt?

The EBRD's areas of investment in Egypt include the financial sector, agribusiness and manufacturing and services, as well as infrastructure projects in the power, municipal water and wastewater service sectors, and contributions to upgrading the transport sector.

Container energy storage project financing options in Egypt 2025

Ministry of International Cooperation

The report indicated that the first urgent phase of projects (scheduled to be connected before the summer of 2025) will have a total capacity of 3,700 megawatts of solar ...

The Project Financing Outlook for Global Energy Projects

See The IRA at a Year and a Half: IRS Guidance and Impact on the Energy Storage Industry. While lenders may need to undertake additional diligence before financing an energy storage project, the project finance ...

Egypt: Scatec, AMEA Power close financing on large ...

The financial close of two significant large-scale projects in Egypt could mark progress for the country's nascent energy storage sector. Developers Scatec and AMEA Power have both achieved the development ...

Energy Storage Rides a Wave of Growth but Uncertainty ...

The rapid growth in the energy storage market continues to drive demand for project financing, and like any other project-financed asset class, lenders will analyze both the amount and ...

Egypt Signs PPAs for Large-Scale Solar, Battery Projects

The Egyptian Electricity Transmission Company (EETC) has signed power purchase agreements (PPAs) with two renewable energy developers - Scatec and AMEA ...

AMEA Power successfully commissions landmark ...

Egypt's first utility-scale battery energy system storage developed by AMEA Power, delivered ahead of schedule Commissioning follows recent financial close, marking a major milestone in AMEA Power's growing ...

AMEA Power Secures Financing for Egypt's First Utility-Scale

AMEA Power has announced the financial close of the 300MWh utility-scale Battery Energy Storage System (BESS) project located in Egypt. The BESS Project is an extension of AMEA ...

The major Battery Storage projects from around the ...

We provide a detailed report on all the major Battery Storage construction projects around the world with key focus on the largest projects in Europe, Africa, USA and Asia

AMEA Power Announces Financial Close on Egypt's first-ever ...

AMEA Power, UAE announces that it has reached financial close on Egypt's first-ever utility-scale Battery Energy Storage System (BESS). The 300MWh BESS Project ...

Scatec and AMEA Power Secure Financing for Major Battery ...

The financial closure of two major large-scale projects in Egypt signifies a promising advance for the country's emerging energy storage sector. Recently, developers ...

IFC, AMEA Power launch Egypt's 1st battery energy storage system

Arab Finance: The International Finance Corporation (IFC) has announced a \$72 million investment to support Egypt's first utility-scale battery energy storage system ...

Scatec begins solar and battery project in Egypt

Scatec, a Norwegian leader in renewable energy solutions, has officially commenced construction on its ambitious 1.1 GW Obelisk solar project coupled with a 100 ...

Scatec's 1.1GW Photovoltaic and Energy Storage Project in Egypt

According to Wechat Official Account @ziliaokuzxx, Norwegian company Scatec ASA has initiated the construction of the 1.1GW Obelisk solar project in Egypt, accompanied by ...

Egypt: Solar energy, battery storage facility to be built next year

Construction on a solar and battery storage hybrid project in Egypt is set for the first half of 2025. The project will encompass a 1GW solar and 100MW (200MWh) battery ...

Egypt: AfDB Approves \$184.1 Million for Africa's Largest Solar Energy

The Board of Directors of the African Development Bank Group has approved a financing package of up to \$184.1 million to support the development of the Obelisk 1-gigawatt ...

Egypt signs 6 agreements to accelerate renewable energy

In a third major step, the International Finance Corporation (IFC) partnered with AMEA Power of the UAE to finance Egypt's first utility-scale battery energy storage facility, ...

Egypt set for giant solar-plus-battery storage project

Norwegian developer Scatec ASA has signed a 25-year power purchase agreement (PPA) for a 1 GW solar array and 100 MW/200 MWh battery storage project in Egypt. CEO Terje Pilskog says it is Egypt's

Scatec Secures Financing for Groundbreaking Hybrid ...

A Strategic Vision: The Obelisk project is poised to become Egypt's first integrated solar photovoltaic and battery storage project of this magnitude, ushering in a new era for energy generation in the country.

Scatec starts construction of large scale solar and ...

Oslo/Cairo, 05 May 2025: Scatec ASA has commenced construction of its 1.1 GW Obelisk solar and 100 MW/200 MWh battery storage project in Egypt. The energy will be sold under a USD-denominated 25-year Power Purchase Agreement ...

EBRD, AFDB and BII support pioneering solar and ...

Rania A. Al-Mashat, Minister of Planning, Economic Development and International Cooperation, said: "The Obelisk Solar Power project represents a landmark in Egypt's clean energy transition, not only as ...

African Development Bank Group (AfDB) / Press release , Egypt: ...

ABIDJAN, Ivory Coast, June 12, 2025/APO Group/ -- The Board of Directors of the African Development Bank Group () has approved a financing package of up to \$184.1 ...

EBRD backs Egypt's first solar and battery storage project

The funds will contribute to the equity commitments required for the construction of a 1 gigawatt-alternating current (GWac) photovoltaic solar plant and a 200 MWh battery ...

Support Customized Product

Energy Storage Financing: Advancing Contracting in Energy ...

Energy Storage Financing The Energy Storage Financing study series is an outreach effort to the financial industry to help reduce and mitigate the risk of investing in energy storage ...

AfDB, BII and EBRD support solar and battery storage project in Egypt

Cairo, Egypt -- Egypt's first integrated solar and battery storage plant will deliver dispatchable clean energy, enhance grid stability, and manage peak demand.

The Project Financing Outlook for Global Energy ...

Similar to other renewable energy projects, the addition of construction bridge debt provides an additional source of capital to pay construction costs, but also adds complexity to the project financing of an ...

150MW/300MWh! Egypt's Largest Standalone Energy Storage Project

The project is located in the Kom Ombo area of Aswan, Egypt, and was built as an expansion of an existing 500 MW PV power plant. The energy storage station has a ...

Egypt Signs PPAs for Large-Scale Solar, Battery Projects

Norwegian renewable energy producer Scatec has secured a 25-year PPA with the EETC for a 1 GW solar power plant and a 100 MW/200 MWh battery energy storage ...

Amea Power secures financing for Egypt's first grid-scale energy storage

AMEA Power confirmed on 16 June the financial close of Egypt's first grid-scale battery energy storage system, a 300MWh facility in Kom Ombo, Aswan Governorate. The project extends the ...

Egypt: Scatec, AMEA Power close financing on large ...

The financial close of two significant large-scale projects in Egypt could mark progress for the country's nascent energy storage sector.

Scatec Secures Funding for Ambitious 1.1GW Solar and 100MW Energy

Scatec ASA achieves financial close for the "Obelisk" hybrid solar and battery storage project in Egypt, securing USD 479.1 million in non-recourse project financing. Stay ...

Financing Energy Storage: A Cheat Sheet

As such, we're providing this "Cheat Sheet for Energy Storage Finance" based on our work as buy-side and sell-side investment bankers experienced in both energy storage venture capital ...
