

## Global PV Storage Insights

# Enterprise ESS system project financing options in Poland 2030

## Overview

---

What is Poland's energy storage subsidy program?

Following a public consultation launched in July 2024, the Polish Ministry of Climate and Environment has finalized its energy storage subsidy program which aims to support the deployment of more than 5 GWh of energy storage in the country. The new regulation was published in the Journal of Laws of the Republic of Poland on March 7.

When will the energy storage scheme be launched in Poland?

Call for applications under the Scheme “Energy storage facilities and related infrastructure for improving the stability of the Polish electricity grid” will be launched already this year. Subsidy contracts are to be entered into by the end of 2025, while the period for spending the funds ends with 2028.

How much PLN is available for energy storage in Poland?

PLN 4 billion available. On 23 July 2024, the National Fund for Environmental Protection and Water Management put under public consultation a new priority aid scheme entitled: “Energy storage facilities and related infrastructure for improving the stability of the Polish electricity grid”.

Are energy storage systems a new technology in Poland?

Energy storage systems are a relatively new technology in the Polish capacity market. They have participated in two auctions so far: making their official debut in 2022 (with 2027 delivery year) and subsequently dominating the competition in the 2023 auction.

Will energy storage systems projects be subsidised under the National Recover & Resilience Plan?

The call for proposals of projects to be subsidised under the Energy Storage Systems scheme financed from the National Recover and Resilience Plan opened on 17 February 2025. More ».

How much PLN will be distributed under the energy subsidy scheme?

A total of PLN 4 billion (\$1 billion) will be distributed under the subsidy scheme by the end of 2025 in a bid to bring online more than 5 GWh of energy storage projects by 2028.

## Enterprise ESS system project financing options in Poland 2030

To Strive forward No Energy Waste

- ✓ All in one
- ✓ 100~215kWh High-capacity
- ✓ Intelligent Integration

### Poland finalizes 5 GWh energy storage subsidy scheme

A total of PLN 4 billion (\$1 billion) will be distributed under the subsidy scheme by the end of 2025 in a bid to bring online more than 5 GWh of energy storage projects by 2028.

### Inforegio

The project will contribute to the development of a low-emission transport market in Poland and has the potential to be scaled from 5 MW to 50 MW in 2024-2030, if demand for ...

### Energy storage subsidy programs in Poland for 2024 ...

Energy storage subsidies in Poland for 2024-2025 support the country's energy transition, increasing RES efficiency and grid stability.

### Potential and challenges of Battery Energy Storage (BESS): ...

The Modernization Fund (MF) is a new European instrument for financing the modernization of the

energy system and the improvement of energy efficiency consistent with the 2030 climate and ...

### Enterprise Financing Scheme - Green

The scheme supports project developers, system integrators and technology & solution enablers who develop enabling technologies and solutions to reduce waste, resource use or greenhouse gas emissions, especially in the sectors of ...

### List of Upcoming Grid-scale/Utility Scale Energy Storage System (ESS)

Search all the announced and upcoming GUESS projects, bids, RFPs, ICBs, tenders, government contracts, and awards in Poland with our comprehensive online database.

### Energy Storage Summit Central and Eastern Europe

We are focused on the development, financing, construction, and long-term operation of utility-scale BESS projects that enable a fast and sustainable transition away from fossil fuels. Our goal is to deploy and operate 1 GW+ of ...

## Revenue Streams, Financing and Subsidies for LS BESS in ...

Join us to discover current status and development prospects of the energy storage market in Poland, key insights into investment processes for LS BESS, revenue streams and ...

## Polish capacity market auction for 2029 catalyzes ...

The much anticipated capacity market auction for 2029 conducted by Polskie Sieci Elektroenergetyczne (PSE) ended in the seventh round with a price of PLN 264.90/kW/year (\$65/kW/year). Such a clearing ...

## Construction of Northvolt's Poland ESS Production Facility, ...

The construction of Northvolt's Poland ESS Production Facility is reportedly complete and expected to start production by the end of 2023. This was revealed by the ...

## [LG Energy secures Polish ESS deal](#)

To ensure maximum efficiency of the ESS system, LG Energy Solution is offering a turnkey solution, developed in partnership with European collaborators. The package ...

## Poland Energy Storage Integrated ESS Informacje o rekrutacji

Poland: Tender for construction of 263 MW battery The Trzebinia project represented the lion's share of battery energy storage secured in Poland's seventh capacity market auction, which

...

**12.8V 100Ah**

## BESS wins big in Poland capacity market auction for ...

BESS has won big in the Poland capacity market (CM) auction for 2029 delivery, with potentially around 2.5GW of projects winning contracts.

## Poland's new capacity market auction could hamper storage

...

The draft parameters for this year's capacity market auction in Poland could make the rollout of battery energy storage systems (BESS) much more difficult. The document ...

## Poland launches tender for 263 MW/900 MWh battery ...

From ESS News Polish state-owned energy company PGE Group announced a tender for the construction of a battery energy storage facility in Zarnowiec, which is likely to become the nation's

## EU okays Polish EUR 1.2bn state-aided energy-storage project

The European Commission (EC) has greenlit Poland's USD 1.2bn scheme for projects to increase electricity storage capabilities to foster the transition to a net-zero economy ...

## Greenvolt inks deal with BYD for 1.6 GWh of BESS ...

Portuguese renewables company Greenvolt Group has signed an agreement with China's BYD Energy Storage to develop up to 400 MW/1.6 GWh of battery energy storage system (BESS) projects in Poland.

## Poland opens EUR 980m energy storage subsidy scheme

Poland's National Fund for Environmental Protection and Water Management (NFOSiGW) on Friday opened a call for applications for a major PLN-4.15-billion (USD ...

### Lithium Solar Generator: \$150

## Battery Energy Storage System ESS Market Trends Report , 2030

Battery Energy Storage System ESS Market Overview Battery Energy Storage System ESS Market is expected to grow rapidly at a 21.5% CAGR consequently, it will grow from its existing ...

## Construction of Northvolt's Poland ESS Production ...

The construction of Northvolt's Poland ESS Production Facility is reportedly complete and expected to start production by the end of 2023. This was revealed by the developer of the project, Northvolt. The European lithium ...

## Subsidies for energy storage systems , Rödl & Partner

The call for proposals of projects to be subsidised under the Energy Storage Systems scheme financed from the National Recover and Resilience Plan opened on 17 ...

## Poland , Green Hydrogen Organisation

Poland also aims to integrate hydrogen into its energy system to support renewable energy storage, grid balancing, and cogeneration projects, enhancing energy security and flexibility.

## Poland Secures \$3.7B for Energy Shift and Storage ...

These comprehensive measures illustrate Poland's commitment to a sustainable energy future, leveraging both national and European resources to facilitate a smooth transition to a low-carbon economy.

## Poland's new capacity market auction could hamper ...

The draft parameters for this year's capacity market auction in Poland could make the rollout of battery energy storage systems (BESS) much more difficult. The document proposes a significant reduction to the BESS ...

## Energy storage trends

Energy storage trends Spotlight on Poland Introduction Poland has one of the fastest growing renewable energy markets in Europe. The dynamic expansion of new RES investments is evident in both photovoltaic and wind ...

## Polish energy storage enterprise

Around 16GW of battery energy storage system (BESS) projects got preliminary registration for this year's capacity market auction in Poland, developer Hynfra told Energy-Storage.news. As ...

## Poland's new capacity market auction could hamper ...

The draft parameters for this year's capacity market auction in Poland could make the rollout of battery energy storage systems (BESS) much more difficult. The document proposes a significant

## BYD to supply 1.6 GWh of battery storage for ...

The Polish arm of Portugal's Greenvolt Group has joined hands with China's BYD on a 400 MW/1.6 GWh battery energy storage system (BESS) deployment in Poland.

## Poland's \$1 billion energy storage subsidy scheme ...

The Polish National Fund for Environmental Protection and Water Management (NFOSiGW) opened on April 4 a call for applications to co-finance energy storage facilities. The much-awaited subsidy scheme aims to improve ...

## BESS Capacity Market Poland

We closely monitor the path for the future development of competitive ancillary services market in Poland and advances in the Polish integration of pan-European platforms like PICASSO, ...

## A new player on the BESS market: Entrix launches in Poland and ...

Building on its success in Germany, where it manages a diverse portfolio of battery assets for clients like Encavis, Aquila Clean Energy, and Blue Elephant Energy, Entrix ...

## LG Energy Solution wins 1GWh ESS deal in Poland

South Korea's LG Energy Solution Ltd. has been selected as the energy storage system (ESS) partner for a 1-gigawatt-hour project in Poland, the company said Tuesday. LG Energy Solution has signed an agreement with ...
