

Global PV Storage Insights

Expected ROI of BESS project in Greece 2025

Commercial and Industrial ESS

Air Cooling / Liquid Cooling

- Budget Friendly Solution
- Renewable Energy Integration
- Modular Design for Flexible Expansion

Overview

When will Bess be built in Switzerland?

Construction is expected to begin in spring 2025. When it is completed, it will be one of the largest BESS in Switzerland. According to Jan Baumann, Project Manager Energy & Grid Management at Primeo Energie, the system “will be used to compensate for weather-related fluctuations in the area’s rapidly growing renewable electricity production.

Does Sungrow have a Bess project in Greece?

Sungrow and KTISTOR Energy have teamed up on several small BESS projects in Greece, amounting to a total capacity of 105 MWh. The projects will deploy Sungrow’s PowerTitan 2.0 liquid-cooled BESS which was designed specifically for grid-forming applications.

Will intilion build a Bess in Switzerland?

German energy storage provider Intilion has agreed to build a stand-alone BESS of around 65 MWh for Swiss company Primeo Energie. Construction is expected to begin in spring 2025. When it is completed, it will be one of the largest BESS in Switzerland.

Will raaey support Bess in Greece?

The first such tender for award of CAPEX and OPEX support to BESS organized by RAAEY, is a critical step for the deployment of the first utility scale BESS in Greece. 95 offers in total have been received amounting to approximately 3.3 GW, which contest the 400 MW quota of this first phase.

When will Sungrow's powertitan be available in Greece?

The companies aim to deliver the BESS by the summer of 2025, and this will be the first time Sungrow’s PowerTitan 2.0 will be used in the Greek market. The projects are located in central and northern Greece. Two will operate under the Greek ESS Tender scheme, while the other two will participate in

the free market.

How many MW of Bess will be awarded?

In total 1000 MW of BESS will receive the support mechanism and the plan is to be awarded with two more phases culminating December 2023. CAPEX of the BESS plant is of the greatest importance regarding the commercial assessment of the investment.

Expected ROI of BESS project in Greece 2025

BESS Pros Survey: What Matters Most to BESS ...

Executive Summary To gain insights into the most pressing concerns within the battery energy storage sector, we surveyed 83 engineers, technicians and asset managers for the "BESS ...

[NBG-Factors_epistoloxarto_en](#)

This project marks the beginning of the era of energy storage deployment in Greece, which is expected to enhance grid's flexibility and electricity security, and contribute to ...

The rise of bankable BESS projects in Europe

As the renewable energy sector rapidly evolves, battery energy storage systems (BESS) are emerging as a critical pillar for decarbonization. However, with capital constraints ...

The rise of bankable BESS projects in Europe

As the renewable energy sector rapidly evolves, battery energy storage systems (BESS) are emerging as a critical pillar for decarbonization. However, with capital constraints and rising

market

How Italy is Driving BESS Investment

The first auction in 2025 is expected to significantly boost BESS development. Policy Background The EU's energy and climate greenhouse emissions target requires EU countries to establish a 10-year integrated national energy and ...

The rise of bankable BESS projects in Europe

As the renewable energy sector rapidly evolves, battery energy storage systems (BESS) are emerging as a critical pillar for decarbonization. However, with capital constraints and rising market volatility, not all projects ...

EU Greenlights Greece's EUR1 Billion Aid for Solar ...

The EU executive approved on Tuesday under EU State aid rules Greece's request to offer financial help for two solar energy projects in the country that are expected to increase output of renewable energy. Greece plans to ...

Greece's 2nd battery storage tender awards 300 MW

Projects with a combined capacity of 299.8 MW are the final winners in Greece's second tender for battery energy storage systems (BESS) capacity, according to official data released by the Regulatory Authority (RAE).

India's First Utility-Scale Standalone Battery Energy ...

NEW DELHI , 8 May, 2025 -- The GEAPP Leadership Council (GLC) today officially announced the launch of India's first utility-scale, standalone Battery Energy Storage System (BESS) project, the largest of its kind in South Asia. ...

2025 Battery Energy Storage Systems (BESS) Market ...

The global Battery Energy Storage Systems (BESS) market is projected to reach approximately USD 22.36 billion in 2025, with a CAGR of 14.2% from 2025 to 2033. In Q1 2025, the market is expected to generate ...

Greece awards 189 MW of battery storage in third ...

Greece's latest auction has awarded subsidies to 188.9 MW of standalone, front-of-the-meter, utility-scale battery energy storage. The auction was the third and final edition of a battery storage subsidy program launched in ...

Big opportunities for BESS in 2025

Phase one alone is expected to deliver annual consumer savings of £29-£32 million while continuing to decarbonise the power system. A pivotal year ahead for BESS The Labour Government's ambition to accelerate ...
