Overview

What is the demand for containers in 2025?

2. 2025 Container Market Demand Outlook The 2025 container market is projected to undergo changes from the current market. The demand for containers would be around 2%, lower than the world GDP of 3.2% .

What is the container market outlook for 2025?

2025 Container Market Outlook Container rates in 2025 could move downward compared to today as supply (deliveries) is anticipated to exceed the demand. But the supply could be adjusted if ships reduce speed by complying with environmental regulations or the volume of scrapped vessels increases.

How will scrapped ships affect the container market in 2025?

Scrapped ships (ship recycling) of the container market in 2025 will be affected by rates but it is expected to reach 200,000-300,000 TEUs, which is largely up from 90,000 TEUs in 2024, due to stronger decarbonization regulations .

Why did the 2024 container market record higher than expected rates?

1. 2024 Container Market The 2024 container market recorded higher than expected rates due to several issues. The accumulated average of SCFI in November 2024 soared more than 150% YoY to the range of 2,500.

Will container carriers achieve the economy of scale in 2025?

Container carriers are projected to achieve the economy of scale with massive new orders and respond to decarbonization regulations based on accumulated assets. Thus, concerns over the oversupply and following rate competition would prolong in 2025.

Will container growth lag behind the world GDP in 2025?

When looking at the elasticity trend between the world GDP and container volumes, the elasticity modulus is shown to decrease, indicating that the 2025 container growth would lag behind the world GDP. In other words, during the 2002-2005 period, the world GDP rose by 1% while the container volume increased by 2.45%.

Container Type ESS Energy Storage System Market

The Asia Pacific region is expected to dominate the container type ESS market during the forecast period, driven by rapid industrialization, urbanization, and significant investments in ...

ESS Put Ethiopia's Annual Inflation in July at 13.7%

In July, the inflation rate accelerated by 1.3% compared to what was observed in the previous month. This represents the highest increase recorded since March 2025. The ...

What Is an ESS Container

An Energy Storage System (ESS) container, also known as an ESS container, is a robust, metal or shipping container-based solution designed to store battery banks and other ...

CATL to supply 19 GWh BESS for Masdar's round-the ...

The \$6 billion giga-project will be located across an area of land in the Abu Dhabi desert spanning 90 square kilometers. Construction is underway and the project is expected to be operational by 2027, said Masdar Chief ...

2025

Report on the Ethiopian Economy 2025 Economic Performance and Governance in Ethiopia Executive Summary of Key Findings and Call to Action After a seven-year hiatus, the Ethiopian ...

Ethiopia's inflation rate to decline to 10% in 2025/2026 ...

Ethiopia's inflation is expected to decline to 10% in the coming financial year, the country's central bank chief Mamo Mihretu said on Thursday, the lowest level in a decade thanks to the

Ethiopian Statistics Service (ESS) Vacancy 2025

Ethiopian Statistics Service (ESS) would like to invite qualified and competent applicants to apply for the following vacant post. Introduction: Statistical data collected and compiled using scientific methodologies are ...

Inside Ethiopia's economic vision for 2025/26

As the second Homegrown Economic Reform is set to conclude this fiscal year, the Ministry of Planning and Development (MoPD) has outlined Ethiopia's 2025/26 fiscal year ...

Ethiopia: IMF's forecasts on inflation. - Ethiopian Tribune

IMF Predictions on Inflation in Ethiopia Inflation Forecasts: The IMF projects Ethiopia's inflation to reach 25.6% in 2024, easing to 18.2% in 2025 . However, a more recent IMF report (February 2025) revises this downward, ...

Statistical Service estimates population at 109 million ...

A report from the government statistics agency estimates that Ethiopia's population had reached 109.4 million by July 2024, contradicting data from other sources and statements from officials that cite significantly higher ...

Three scenarios for container transport in 2025

Apply analysts present three possible scenarios for the development of the container transport sector in 2025. Although the forecast is prepared in a highly uncertain environment, experts highlight several constant ...

Country Focus Report 2025 Ethiopia

ACKNOWLEDGEMENTS The Ethiopia 2025 Country Focus Report (CFR) was prepared in the Chief Economist and Vice-Presidency for Economic Governance and Knowledge Management ...

ESS CONTAINERS MANUFACTURING

In the case of storage in batteries the container are mechanically adapted to integrate the air conditioning equipment that allows energy storage according to the project. ...

What Is an ESS Container

An Energy Storage System (ESS) container, also known as an ESS container, is a robust, metal or shipping container-based solution designed to store battery banks and other power components. These containerized ...

IMF Projects Ethiopia to Lead Africa's GDP Growth in 2025

The International Monetary Fund (IMF) has projected Ethiopia to lead Africa's GDP growth in 2025 with an impressive forecast of 6.5%.

Ethiopia's Inflation Declines as Exports and Foreign ...

Addis Ababa, Ethiopia - Ethiopia's economic landscape is undergoing significant changes, with inflation rates reaching a five-year low, exports witnessing record growth, and foreign exchange availability improving. ...
