Expected ROI of residential ESS project in Ireland 2025

Overview

Will Ireland's construction industry grow in 2025?

The analyst expects the construction industry in Ireland to grow by 3.3% in real terms in 2025, before recording an annual average growth of 4.8% from 2026 to 2029, supported by public and private sector investments in transport, electricity, and residential infrastructure sectors.

Will Ireland's living sector grow in 2025?

Knight Frank - Ireland Living Sectors Market Report 2025 Investor interest in Ireland's living sector is set to intensify in 2025 supported by improved funding, strong demand and expected regulatory changes.

Which European cities are a target for multifamily/PRS investment in 2025?

Fundraising momentum continues, with a clear emergence of core funds dedicated to living sector assets, expected to grow throughout 2025. Dublin ranks among the top five target cities for Multifamily/PRS investment across Europe, as highlighted by Knight Frank's European Living Sector Survey.

How will the Irish property market perform in 2025?

The new homes market will remain exceptionally busy in 2025 with continued strong buyer sentiment outstripping supply. Irish Property investment market performance will be much improved in 2025. During 2024, many of the post-pandemic trends lessened in intensity. 2025 will be another active year in the Dublin industrial and logistics market.

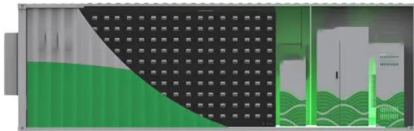

Will Irish investment spend improve in 2025?

Irish investment spend was 40% below the long-term average in 2024 but will improve in 2025. The sale of the Blanchardstown Shopping Centre and One & Two North Dock has shown that institutional capital will be active where pricing is attractive, and some new capital is already emerging this year with a focus on residential assets.

How many homes will Ireland build in 2025?

Also, the Irish government announced in January 2025 that it plans to construct 41,000 housing units in 2025 and 43,000 units in 2026. The government aims to deliver 303,000 homes by the end of 2030. Scope
