Flow battery system tender price in Italy 2025

Overview

The MACSE's [Mercato a termine degli stoccaggi] debut is just around the corner: September 2025, with 10 GWh up for tender, contracts up to 15 years, and a starting price of €37,000 (\$43,000) per megawatt-hour.

The MACSE's [Mercato a termine degli stoccaggi] debut is just around the corner: September 2025, with 10 GWh up for tender, contracts up to 15 years, and a starting price of €37,000 (\$43,000) per megawatt-hour.

Clean Horizon releases its 2025 energy storage price forecast for Italy, covering MACSE auction details, business models and revenue streams.

Mauro Moroni offers a quick guide to revenue streams for Italian battery energy storage systems (BESS), including the MACSE procurement, the Testo Integrato del Dispacciamento Elettrico (TIDE), zonal spreads, and the capacity market (CM). By Mauro Moroni, Sep 05, 2025 A battery plant in Assemini.

The first MACSE auction will take place on the 30 th September 2025, targeting 2028 as first capacity delivery year. MACSE participation request must be sent to Terna by the 3 rd of June 2025. The capacity of the BESS project must be qualified by 17 th July 2025. The capacity qualified for the.

Italy is stepping into a new energy era with the MACSE auction in early 2025. Underpinning MACSE, or Meccanismo di Assegnazione Centralizzata per la Sostenibilità Energetica, is an ambitious plan to boost renewable energy integration and support up to 50GWh of energy storage by 2030 – a move to.

Breaking down a typical 100kW/400kWh vanadium flow battery system: Recent projects show flow battery prices dancing between \$300-\$600/kWh installed. Compare that to lithium-ion's \$150-\$200/kWh sticker price, but wait—there's a plot twist. When you factor in 25,000+ cycles versus lithium's.

A spokesperson for the electricity transmission system operator (TSO) Terna has revealed huge interest in the energy storage-specific Centralized Allocation Mechanism for Energy Sustainability (MACSE) tender planned for 2025. Italian electricity TSO Terna has received more than 100 GW of

requests.

Flow battery system tender price in Italy 2025

How Italy is Driving BESS Investment

ARERA, the Italian Regulatory Authority for Energy, Networks and Environment, runs a pay-as-cleared system with zonal pricing. This means bidders enter how much capacity they can supply and are paid the clearing ...
