

## Global PV Storage Insights

# Government procurement price of large scale battery storage in Bolivia

## Overview

---

Bolivian companies and local providers (both of which can be representatives of foreign companies legally established in Bolivia) are given priority for government procurement bids from \$145,000 to \$10 million.

Bolivian companies and local providers (both of which can be representatives of foreign companies legally established in Bolivia) are given priority for government procurement bids from \$145,000 to \$10 million.

Bolivia Tenders - Discover the latest government tenders, projects, contracts, and tender notices in Bolivia. Access RFPs, bids, tenders, RFQs, GPNs, and online auctions. Obtain 100% accurate tender information in Bolivia, including eTenders, e-procurement notices, public tenders, international.

Bolivia's government procurement, worth US\$3.8 billion in 2023, is managed through the central platform SICOES. Over 102,000 contracts were awarded last year, averaging US\$37,000 each. Priority is given to small businesses and local providers for contracts under \$145,000, while larger contracts.

Bolivia will try and capitalise on its large lithium reserves to set up an industrial ecosystem around batteries and other storage technologies, according to a top government official. The country's vice president Alvaro García Linera described the government's plans for a "lithium.

Lower middle-income= GNI/capita \$1,006-\$3,955 42,734,282,877 3,490  
44,008,282,877 N/A Inter-American Development Bank Group (IDB, IADB),  
International Fund for Agricultural Development (IFAD), International Monetary  
Fund (IMF), United Nations Conference on Trade and Development (UNCTAD),  
World.

Information about government procurement including local entities can be found in the Government's Procurement System (Sistema de Contrataciones Estatales SICOES Bolivia is not a signatory to the WTO Agreement on Government Procurement nor does Bolivia have a free trade agreement with the United.
