MW scale storage system project financing options in Indonesia 2025

Overview

What is Indonesia doing with its energy storage capacity?

Indonesia is currently building on its storage capacity through the planned/ongoing installation of 5 MW battery energy storage systems (BESS), linked to PLN's renewable sites. Indonesia is also building its first utility-scale integrated solar and energy storage project in Nusantara.

Why is battery energy storage system important in Indonesia?

However, given the challenge of Indonesia's geological landscape, with many off-grid and remote areas, there is growing intermittency issue that hamper the development of solar and wind generation. Hence, the battery energy storage system (BESS) technologies have a critical role in the development of Indonesia's renewable energy.

Does Indonesia need an energy storage ecosystem?

IESR notes that Indonesia is still in the early stages of energy storage adoption and stresses the need for a comprehensive strategy to accelerate the development of an energy storage ecosystem.

How much solar energy investment in Indonesia has doubled in 2021?

Alvin Putra Siswinugraha, Lead Author of ISEO 2025 and IESR's Electricity and Renewable Energy Analyst, revealed that solar energy investment in Indonesia has doubled, from USD 68 million in 2021 to USD 134 million in 2023.

What is Indonesia's Solar Energy Outlook 2025?

The Indonesia Solar Energy Outlook (ISEO) 2025 report highlights that solar energy growth in Indonesia has been slow compared to the targets outlined in PLN's National Energy General Plan and Electricity Supply Business Plan, with a total installed capacity of 718 MW as of August 2024.

How can Indonesia accelerate the adoption of energy storage?

IESR urges the Indonesian government to accelerate the adoption of energy storage, among others, by first improving the regulatory framework and establishing legal certainty to provide adequate compensation for ESS developers, reduce development risks, and boost investor confidence.

MW scale storage system project financing options in Indonesia 202

Indonesia announces bold 320 GWh distributed battery storage plan

The new initiative features plans for 1 MW solar minigrids tied with 4 MWh of accompanying battery energy storage, to be deployed across 80,000 villages, alongside 20 ...

Smart and Secure MW-Scale Energy Storage

Fire safety equipment installed for the energy storage system or its flame-retardant performance, upon completion of large-scale combustion testing according to CNS/IEC 62933-5-2 Appendix ...

Scatec Locks In \$479M Financing for Egypt's 1.1 GW Solar + 100 MW...

Scatec ASA has reached financial close for the "Obelisk" hybrid solar and battery storage project in Egypt. The 1.1 GW solar plus 100 MW/200 MWh battery energy ...

Indonesia unveils plan for 100 GW of solar

The new initiative features plans for 80 GW of 1 MW solar minigrids with accompanying battery energy storage, to be deployed across 80,000

villages, alongside 20 ...

GIGA Storage reaches financial close on a c. EUR300m financing ...

GIGA Storage, the leading Dutch and Belgian battery storage developer, in which InfraVia invested in 2024, announces it has reached financial close and started the ...

Battery Energy Storage System (BESS) market di Indonesia

The need for storage increases from 2030 onwards with capex of electricity storage grows to around USD 82 billion in 2035 and further declines to USD 42 billion in 2050.

ESS

Utility-Scale Battery Storage , Electricity , 2024 , ATB , NREL

For a 60-MW 4-hour battery, the technology innovation scenarios for utility-scale BESSs described above result in capital expenditures (CAPEX) reductions of 18% (Conservative ...

Sembcorp launches Indonesia solar-plus-BESS ...

PT Sembcorp Renewables Indonesia, a wholly owned subsidiary of Singapore-headquartered engineering firm Sembcorp, and state-owned PT PLN Nusantara Renewables have launched a utility-scale solar-plus ...

Sembcorp and PLN Nusantara Power Launches First Utility-Scale

The NSSE Power Plant, built on approximately 87 hectares of land, is the first utility-scale integrated solar and energy storage project in Nusantara, Indonesia. Comprising a ...

Indonesia Unveils 100 GW Solar Initiative With Massive 320GWh ...

Indonesia has announced an ambitious plan to deploy 100 GW of solar power nationwide, combining large-scale generation with an unprecedented rural electrification push. ...

European Market Outlook for Battery Storage 2025-2029

European Market Outlook for Battery Storage 2025-2029 7 May 2025 The report explores trends and forecasts across residential, commercial & industrial (C& I), and utility ...

ESG closes financing for 75-MW battery system in Belgium

Jan 16, 2025, 4:07:02 PM Article by Martina Markosyan Energy Solutions Group (ESG) announced today that it has completed project financing for a 75-MW/300-MWh battery energy ...

Peregrine Energy Solutions Secures Financing for a ...

Peregrine Energy Solutions LLC has secured \$168 million in financing for a 150 MW battery energy storage system (BESS) currently under construction.

BW ESS secures green loan for 211 MWh of Swedish ...

The energy storage division of the oil and gas business will use the loan to finance 14 batteries ranging from 5 MW to 20 MW in size.

Mizuho Closes Landmark Financing for KKR and Infracapital's 400 MW

March 19, 2025 Mizuho EMEA is pleased to announce the successful financial close of the financing of Eccles Battery Energy Storage System (BESS) Project, a 400 MW / 800 MWh ...

Opportunities for Increased Adoption of Solar Energy and Energy ...

Institute for Essential Services Reform (IESR), a leading energy and environment think tank, has released two new studies on solar energy development and an ...

Test certification
 CE, FC, and other logos

Lion Storage reaches fin close on EUR 350m Dutch battery project

Dutch energy storage developer Lion Storage is ready to launch the construction of its 364-MW/1,457-MWh Mufasa battery energy storage system (BESS) in the Netherlands ...

Future-Proofing Indonesia's Grids: Policies and Financing ...

Total Investment 188 In addition to the business-as-usual financing scheme, an evaluation is currently underway to explore alternative financing options to meet transmission and substation ...

Battery Storage Unlocked: Lessons Learned From Emerging ...

Lessons Learned from Emerging Economies The Supercharging Battery Storage Initiative would like to thank all authors and organizations for their submissions to support this publication. This ...

Indonesia Energy Storage Market 2024-2030

Policies like the Electric Vehicle Battery (EVB) roadmap and grid-scale storage incentives drive market growth. While Java might be a significant market initially due to its industrial base and population, the entire ...

India's First Utility-Scale Standalone Battery Energy ...

NEW DELHI , 8 May, 2025 -- The GEAPP Leadership Council (GLC) today officially announced the launch of India's first utility-scale, standalone Battery Energy Storage System (BESS) project, the largest of its kind in South Asia. ...

Lion Storage Secures Financing for One of Europe's ...

Mufasa stands out as the largest utility-scale battery storage project in the Netherlands to be fully financed with over EUR 350 million in non-recourse project financing. This milestone demonstrates the confidence that ...

Lion Storage closes finance on 1.4 GWh merchant ...

Dutch energy storage developer Lion Storage has announced financial close on a battery energy storage system (BESS) it has described as the "largest BESS in the Netherlands." The EUR350 million (\$367 million), 350 ...

2025 energy storage investment scale

Developers have scheduled more than 23 grid-scale battery projects, ranging from 250 MW to 650 MW, to be deployed by 2025. Funding for the massive energy storage roll out will come in part ...

FLEXIBLE SETTING OF MULTIPLE WORKING MODES

GIGA Storage Secures EUR300M Financing to Launch

GIGA Storage has reached financial close and started the construction of the "GIGA Leopard" project, a 300 MW-1,200 GWh BESS.

Lion Storage Secures Financing for One of Europe's Largest ...

Mufasa stands out as the largest utility-scale battery storage project in the Netherlands to be fully financed with over EUR 350 million in non-recourse project financing. ...

Sembcorp, PLN NP open 50-MW solar plant with ...

The project is a joint venture of PT Sembcorp Renewables Indonesia and PT PLN Nusantara Renewables, a subsidiary of Indonesian power generation company PT PLN Nusantara Power (PLN NP). The venture, ...

Utility-Scale Battery Storage in the U.S.: Market Outlook, Drivers, ...

Utility-scale battery storage is no longer a niche solution--it's becoming foundational infrastructure. What's Driving Utility-Scale Storage Demand? Grid Flexibility and ...

The Future Of Renewable Energy In Indonesia: 2025 ...

Indonesia's push for a greater renewable energy mix faces obstacles in financing, grid readiness, and policy clarity. Explore how we can tackle these issues.

Two landmark financing deals for UK BESS total GBP ...

On March 3, 2025, the developer's Blackhillock BESS near Inverness was recently switched on at 200 MW/400 MWh capacity, and is expected to expand to 300 MW/600 MWh later in the year. It is the world's first battery storage system ...

Sembcorp launches Indonesia solar-plus-BESS ...

Despite the potential in scaling solar PV and wind generation, the rollout of energy storage capacity has lagged behind. From a deployment perspective, battery storage has not yet taken off in Indonesia beyond a ...
