On grid solar storage tender price in Bulgaria 2025

APPLICATION SCENARIOS

Overview

What is the cost of co-located storage in Bulgaria?

The announcement of the tenders follows a public consultation initiated in October 2023. (BGN 1 = EUR 0.511/USD 0.557) The Bulgarian energy ministry on Thursday opened to applications two procedures to support renewable energy sources with co-located storage with an overall budget of over BGN 535 million (EUR 274m/USD 298m).

How much money does the NRRP provide for energy projects in Bulgaria?

Under the RESTORE initiative, launched through Bulgaria's National Recovery and Resilience Plan (NRRP), the Ministry of Energy has selected 82 projects that will collectively receive BGN 1.15 billion (approximately \$675 million) in public funding.

How will the selected storage systems be distributed in Bulgaria?

The selected storage systems will be geographically distributed across Bulgaria and connected either to the national transmission grid or local distribution networks. All awarded projects must be operational by March 2026.

What is the deadline for submitting project proposals in Bulgaria?

The deadline for submission of project proposals was December 5, 2024. The Bulgarian Ministry of Energy announced on December 6 that it has received 151 project proposals worth nearly BGN 5 billion, which far exceeded the available funding of BGN 1.154 billion. Of the submitted proposals, 118 projects—totaling BGN 1.6 billion—were shortlisted.

On grid solar storage tender price in Bulgaria 2025

Solar to reach up to 70% of Bulgaria's generation at times this spring

Solar energy could reach 60-70% of Bulgaria's total electricity generation during some parts of the day as early as this spring, the country's Electricity System Operator (ESO) ...

Bulgaria Announced Two Tenders for Solar Photovoltaic (PV) ...

The recent sharp increase in solar photovoltaic capacity and the expected increase of wind power capacity in Bulgaria will require a fast increase in energy storage ...

N. Macedonia's ESM opens tender for works on 30 MW solar plants

North Macedonia's power utility Elektrani na Severna Makedonija (ESM) is inviting offers for the construction of two grid-connected photovoltaic plants of 30 MW capacity ...

Bulgarian tender for battery storage awards 9,713 MWh

Bulgarian tender for battery storage awards 9,713 MWh WORLD BESS 22.04.2025 16:51

(UTC+04:00) Bulgaria will finance 82 projects worth over 1.14 billion levs ...

Bulgaria Announced Two Tenders for Solar ...

The recent sharp increase in solar photovoltaic capacity and the expected increase of wind power capacity in Bulgaria will require a fast increase in energy storage facilities to avoid grid instability. The primary goal of the ...

Bulgaria's battery storage reaches 500 MW, set to surge

Around 500 MW of battery energy storage systems (BESS) with a storage capacity of some 1,300 MWh are now installed in Bulgaria and helping balance the ...

- LiFePO₄
- Wide temp: -20°C to 55°C
- Easy to expand
- Floor mount&wall mount
- Intelligent BMS
- Cycle Life:≥6000
- Warranty :10 years

Bulgarian tender awards nearly 10 GWh of energy ...

The public call was open for projects equal to or greater than 10 MW with at least two hours of storage capacity, which will be primarily used in the frequency regulation markets. There was no minimum amount of financing per ...

EU's Largest BESS Project Now Online in Bulgaria

The country in a recent tender awarded just more than 9.7 GWh of energy storage contracts. The new BESS is located adjacent to a 106.2-MW solar energy park in the Balkan Industrial Park in Lovech.

India's battery storage boom: Getting the execution right

In January 2025, the Central Electricity Regulatory Commission cancelled Solar Energy Corporation of India's 500MW/1,000MWh standalone BESS tender due to significant ...

Bulgaria outlines EU-funded tender for standalone ...

The draft for the RESTORE tender for support to energy storage facilities in the electricity transmission system was issued for public consultation.

Bulgaria Launches Renewables Energy & Storage Tenders

Launched on March 14, 2024, the last date for bid submission for these tenders is June 12, 2024. The launch of these tenders follows a consultation round opened by the ministry in October ...

Bulgaria launches call for grants for standalone energy storage units

The Ministry of Energy of Bulgaria prepared EUR 589 million in grants for standalone energy storage projects. The deadline for applications is November 21. With the ...

Bulgaria outlines EU-funded tender for standalone energy storage

The draft for the RESTORE tender for support to energy storage facilities in the electricity transmission system was issued for public consultation.

Energy Storage Battery Tender Price 2025: Trends, Predictions, ...

2025 Battery Storage Market: Where Are We Headed? The global energy storage market, already a \$33 billion beast, is sprinting toward 2025 with innovations that'd make even Tony Stark ...

Bulgaria Launches Renewables Energy & Storage ...

The BG-RRP-4.032 tender will support new solar and/or wind power projects with co-located energy storage facilities. A budget of BGN 107.57 million (\$60 million) has been allocated to aid the construction of at least 200 ...

Bulgaria launches energy storage and renewables tender

Bulgaria's Ministry of Energy announced two tenders to add 1,425 megawatts (MW) of renewable energy to the grid and 350 MW of battery energy storage system (BESS) ...

misc.bpdb.gov.bd

Dhaka. Date and Time of Pre-lender Meeting: 29/01/2025, 10:00 AM Date. INFORMATION FOR TENDERER 17 18 19 Eligibility and Qualification or Tencrcr: As described in the Tender ...

South Korea Launches 540MW Battery Energy ...

South Korea is ramping up its battery energy storage deployment with a new 540MW tender to stabilize the grid and support renewable energy growth. Learn how this move strengthens both domestic resilience and ...

Bulgaria to tender stand-alone battery storage with EU grants

1. Expected Tender Requirements The BESS tender is part of Bulgaria's RESTORE Project, which aims to provide funding for constructing and putting into operation at ...

N. Macedonia's ESM opens tender for works on 30 ...

North Macedonia's power utility Elektrani na Severna Makedonija (ESM) is inviting offers for the construction of two grid-connected photovoltaic plants of 30 MW capacity combined, the European Bank for ...

Residential solar battery storage Bulgaria

Bulgaria's call for standalone energy storage is 4.3 times A strong battery segment requires a good manufacturing base. Belgian company ABEE launched a EUR 1.1 billion project a year ...

Bulgaria launches renewables plus storage tenders

The Verila solar power plant in Bulgaria. Source: Electrohold Bulgaria. The two tenders, launched under Bulgaria's national and resilience plan, aim to help 1,425 MW of new renewable energy generation capacity with 350 ...

Bulgaria inaugurates 496 MWh battery system, ...

Bulgaria's Energy Minister Zhecho Stankov at the facility , Image: Ministry of Energy of the Republic of Bulgaria Bulgaria has inaugurated a 124 MW / 496.2 MWh battery energy storage system (BESS) in the town of ...

2025

Installed solar capacity has increased from 1,300 MW in 2021 to over 4,500 MW at the beginning of 2025, a trend driven by a significant project pipeline of large photovoltaic parks and grid ...

Bulgaria Solar Energy Market Analysis

Technological Advancements: Ongoing advancements in solar technology will continue to improve the efficiency and cost-effectiveness of solar energy systems. Innovations in solar ...

Evolution of Grid-Scale Energy Storage System Tenders in ...

The scheme has an outlay of Rs18,100 crores (~US\$2.4 billion). As with renewable energy (solar/wind) development in India, grid-scale tendering will be crucial for developing the ESS ...

Bulgaria Solar Photovoltaic (PV) Power Market: Outlook 2023

Several large-scale solar photovoltaic (PV) projects with a power capacity above 50 MW were launched into commercial operation in Bulgaria in 2022. Local and international ...

Bulgaria Announced Two Tenders for Solar ...

The Ministry of Energy of the Republic of Bulgaria has announced two requests for proposals for tender participation to support new renewable electricity generation and energy storage capacity under the ...

Bulgaria Launches Renewables Energy & Storage Tenders

The Ministry of Energy in Bulgaria has launched 2 separate calls to build new renewable energy capacity and energy storage facilities in the country with more than BGN ...

Bulgaria finalises EUR600m funding for 10GWh of energy storage

The RESTORE programme aims to help Bulgaria increase its share of wind and solar in the electricity mix while maintaining grid stability and security. Storage projects will be ...
