

## Global PV Storage Insights

# Residential solar battery project financing options in France 2026

## Overview

---

Does France offer interest-free loans for solar panels?

In some cases, the installation may be prohibited or require specific solutions to minimize visual impact. France offers an interest-free loan (Eco-PTZ) to finance solar panel installation projects. This measure helps homeowners reduce financial burdens without paying interest.

Does France offer subsidies for solar panels?

Many regions in France offer additional subsidies for solar panel installations. These initiatives can significantly lower initial costs. To qualify for government subsidies, it is recommended to hire certified professionals with the RGE (Reconnu Garant de l'Environnement) license.

What is the VAT rate for solar panels in France?

A reduced VAT rate of 10% instead of the standard 20% applies to solar panel installations in France. This measure is available for residential properties used as primary homes. Many regions in France offer additional subsidies for solar panel installations. These initiatives can significantly lower initial costs.

How will Paris achieve 34 GW of solar power by 2026?

Paris intends to secure 34 GW of solar, onshore wind and hydroelectric generation capacity by 2026 by offering generators premium payments – determined by competitive reverse-bidding among developers – to top-up the market electricity price. Technology-neutral auctions will feature among the planned tenders. Image: Baywa re.

Is flexibility a good investment in France for grid-scale battery projects?

Aurora Energy Research has published a flexibility market report showing a significant improvement in market conditions in France for grid-scale battery projects.

Should you install solar panels in France?

Installing solar panels in France is a promising solution for reducing electricity costs and contributing to environmental sustainability. However, before starting, it is important to review legal aspects, obtain the necessary permits, and take advantage of government subsidies.
