

Global PV Storage Insights

Residential solar battery project financing options in Switzerland 2025

Overview

The government offers several incentives to stimulate investment in solar energy storage. These include the Investment Subsidy for Small and Large Solar PV Systems and the One-Off Remuneration (EIV) for solar PV systems, which provides a one-time payment to help offset installation costs. How will new solar regulations affect Switzerland's electricity grid?

“The new regulations encourage the temporary storage of solar production peaks, which helps relieve the electricity grids,” said Swissolar. Switzerland installed approximately 1.78 GW of new PV capacity in 2024, according to provisional figures from Swissolar.

How many solar panels did Switzerland install in 2024?

Switzerland installed approximately 1.78 GW of new PV capacity in 2024, according to provisional figures from Swissolar. This marked an increase from 1.64 GW in 2023 and 1.08 GW in 2022, making 2024 a record year for new installations.

What is the Swiss Federal Act on a secure electricity supply?

The Swiss Federal Council has adopted a second set of ordinances to implement the Federal Act on a Secure Electricity Supply from Renewable Energy Sources. The new regulations, set to take effect on Jan. 1, 2026, cover energy communities and minimum remuneration.

What are the new solar energy regulations?

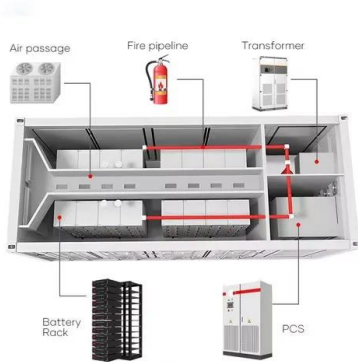

The new regulations, set to take effect on Jan. 1, 2026, cover energy communities and minimum remuneration. The regulations encourage self-consumption and the storage of solar production peaks to ease pressure on the electricity grid.

How can distribution system operators reduce the cost of a solar system?

Distribution system operators can now set maximum feed-in power at the

connection point, reducing delays in connecting solar systems and limiting grid expansions. Solar system operators can store excess power in batteries or electric vehicles. Any imposed limitation must be compensated for if it results in more than a 3% annual yield loss.
