Rooftop solar storage project financing options in Romania 2026

Overview

Will Romania re-launch a battery energy storage tender?

On 8 February, the Ministry of Energy of Romania announced the re-launch of its tender for battery energy storage projects and investments in the manufacturing sector for the production of energy storage equipment and solar panels.

How much will Romania spend on a battery energy storage project?

To achieve this goal, the Romanian government will conduct both tenders through competitive bidding. A total of €79.6 million is allocated for the battery energy storage project. €199 million will be spent on related manufacturing capacity. Of this amount, €149.25 million will be used for new cell production, assembly and recycling facilities.

Why should Romania Invest in energy storage batteries and photovoltaics?

If Romania can gain an advantage in the energy storage battery and photovoltaic industry and attract industrial capital from inside and outside the EU to invest in this field, it will help the EU to realise an autonomous and controllable sustainable energy supply chain.

How to develop a solar farm in Romania?

Under the Romanian law, the following permits, approval, certificates, authorisations are required for the development and operation of a solar farm having more than 1 MW installed capacity. The first step in developing a solar plant project in Romania is to secure a title over the land.

Is Romania a good place to invest in Res?

The last three years put Romania back on the map of the RES investments with an unprecedented appetite from global investors (IPPs, PE funds, infra funds, institutional investors, utilities and developers) accounting to more than 30 GW of projects under development, some being among the largest in

Europe in terms of planned size.

Is Res market development in Romania supported by the authorities?

Also, the newly adopted hydrogen strategy as well as the announced offshore wind legislation provided additional signals that the RES market development in Romania is strongly supported by the authorities.
