

Global PV Storage Insights

Sodium ion battery storage tender price in Spain 2026

Overview

What is the global market for sodium-ion batteries 2026-2036?

Dublin, June 19, 2025 (GLOBE NEWSWIRE) -- The "Global Market for Sodium-ion Batteries 2026-2036" report has been added to ResearchAndMarkets.com's offering. The sodium-ion battery market is experiencing unprecedented momentum as industries worldwide seek sustainable, cost-effective alternatives to traditional lithium-ion technology.

How much will sodium ion batteries cost in 2028?

Assuming a similar capex cost to Li-ion-based battery energy storage systems (BESS) at \$300/kWh, sodium-ion batteries' 57% improvement rate will see them increasingly more affordable than Li-ion cells, reaching around \$10/kWh by 2028.

How big is the sodium ion battery market?

The global sodium ion battery market was valued at USD 270.1 Million in 2024 and is set to grow at a CAGR of 26.1% from 2025 to 2034. Rising demand for cost-effective sustainable solutions with reduced supply chain risk is set to boost product adoption.

Are sodium-ion batteries a viable alternative to lithium-ionic batteries?

The sodium-ion battery market is gaining significant traction as a sustainable and cost-effective alternative to lithium-ion technology. With sodium priced at \$0.05 per kilogram compared to lithium's \$15, sodium-ion batteries offer a 300-fold cost advantage in raw materials.

Who makes sodium ion batteries?

Some of the major players in the sodium ion battery industry include Altris, Broadbit Batteries, CATL, China BAK Battery, Farasis Energy, Faradion Limited, HiNa Battery Technology, Li-FUN Technology, Natron Energy, SVOLT, and Tiamat. How much sodium ion battery share captured by North America in

2024?

.

Will sodium-ion batteries disrupt the LDEs market?

Credit: Fahrni/Shutterstock. Sodium-ion batteries are set to disrupt the LDES market within the next few years, according to new research – exclusively seen by Power Technology’s sister publication Energy Monitor – by GetFocus, an AI-based analysis platform that predicts technological breakthroughs based on global patent data.

Sodium ion battery storage tender price in Spain 2026

On March 17, the tender announcement for "Sodium-Ion Battery ...

It is reported that the total capacity of the sodium-ion battery energy storage system is 5 MW/20 MWh, with a tender price of 22 million yuan, equivalent to 1.1 yuan per Wh.

Navigating the Future: 2025 and 2026 Regulatory Changes for Lithium-Ion

Conclusion The 2025-2026 regulatory changes for lithium-ion and sodium-ion batteries represent both a challenge and an opportunity for businesses in the energy storage and transportation ...

EU expects battery pack price of less than \$100/kWh ...

In 2026/27, the average pack price is expected to fall below \$100/kWh, based on raw material costs, competition, and pressure from alternative technology such as Na-ion batteries, which could be 30% cheaper ...

The Global Sodium-ion Batteries Market 2026-2036

The sodium-ion battery market is experiencing unprecedented momentum as industries

worldwide seek sustainable, cost-effective alternatives to traditional lithium-ion ...

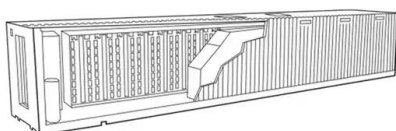

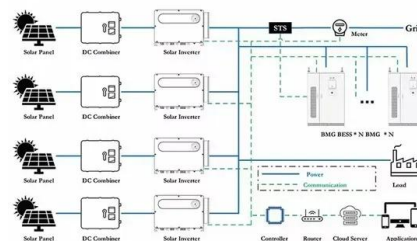

Sodium-Ion Batteries in 2026: Breaking Through Lithium's Price ...

The sustained high price of lithium carbonate has intensified cost pressures on downstream power battery and energy storage companies. At the same time, it has opened a market ...

Sodium-ion Battery Market Size And Share Report, 2030

Sodium-ion Battery Market Summary The global sodium-ion battery market size was estimated at USD 321.75 million in 2023 and is projected to reach USD 74.74 billion by 2030, growing at a CAGR of 20.0% from 2024 to 2030. The global ...

Sodium-ion Batteries 2025-2035: Technology, ...

Sodium-ion Batteries 2025-2035 provides a comprehensive overview of the sodium-ion battery market, players, and technology trends. Battery benchmarking, material and cost analysis, key player patents, and 10 year ...

Is Sodium-Ion the Next Big Battery?

Because sodium is so plentiful and cheap, companies in the space estimate that sodium-ion storage systems could eventually be around 40% less expensive than lithium-ion systems, once manufacturing scales.

European Market Outlook for Battery Storage 2024-2028

SolarPower Europe has published its new "European Market Outlook for Battery Storage", covering 2024-2028. The study delves into the specifics of the residential, C& I and ...

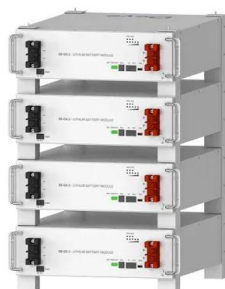

Sodium-Ion Batteries in 2026: Breaking Through Lithium's Price ...

This article will analyze the opportunities, challenges, and future trends of the sodium battery industry, while forecasting its potential landscape in 2026.

New entrants drive sodium ion battery capacity growth ...

Sodium ion battery capacity is surging as an additional 50 gigawatt-hours (GWh) are expected to come online this year along with 14 new market entrants, taking global capacity to 70 GWh, according to Benchmark's Sodium ion Battery ...

Deye Official Store

10 years warranty

Sodium-ion batteries in 2025: a snapshot of the fast-emerging ...

Bottom line: With CATL's Naxtra heading for mass production and more than 100 GWh of cumulative capacity now financed across three continents, sodium-ion is no longer ...

Exclusive: sodium batteries to disrupt energy storage ...

With costs fast declining, sodium-ion batteries look set to dominate the future of long-duration energy storage, finds AI-based analysis that predicts technological breakthroughs based on global patent data.

China Unveils World's Largest Sodium-ion Battery Plant as a ...

Next year is the first year of mass production of sodium-ion batteries, and by 2026, the industrial chain is expected to tally CNY48.4 billion (USD6.9 billion), it added. The ...

White paper BATTERY ENERGY STORAGE SYSTEMS ...

The majority of newly installed large-scale electricity storage systems in recent years utilise lithium-ion chemistries for increased grid resiliency and sustainability. The capacity of lithium ...

Sodium Ion Battery Market Size, Growth Opportunity ...

The sodium ion battery market size exceeded USD 270.1 million in 2024 and is set to grow at a CAGR of 26.1% from 2025 to 2034, due to the rising demand for cost-effective sustainable solutions with reduced supply chain risk is set to

...

Home Energy Storage (Stackable system)

Product Introduction

- ☑ Scalable from 10 kWh to 50 kWh
- ☑ Self-Consumption Optimization
- ☑ Integrated with inverter to avoid the compatibility problem
- ☑ LFP battery, safest and long cycle life
- ☑ Stackable design, effortless installation
- ☑ Capable of High-Powered Emergency-Backup and Off-Grid Function

Sodium-Ion vs Lithium-Ion Batteries: The Future of ...

Discover the top benefits of sodium-ion batteries, from cost savings to safety and sustainability. Learn why sodium-ion is becoming a strong alternative to lithium-ion for energy storage.

New entrants drive sodium ion battery capacity growth

Sodium ion battery capacity is surging as an additional 50 gigawatt-hours (GWh) are expected to come online this year along with 14 new market entrants, taking global capacity to 70 GWh, ...

Battery prices set to fall to \$80/kWh by 2026

Research by Goldman Sachs is predicting the cost of EV batteries will fall to \$80 per kilowatt hour in the next two years. Global average battery prices declined from \$153 per kilowatt-hour (kWh) in 2022 to \$149 in ...

Sodium-ion Batteries: Inexpensive and Sustainable Energy ...

Sodium-ion batteries are an emerging battery technology with promising cost, safety, sustainability and performance advantages over current commercialised lithium-ion batteries. ...

ESS

[Spain Battery Tenders, Bids and RFP](#)

Latest Spain Battery Tenders, Government Bids, RFP and other public procurement notices related to Battery from Spain. Users can register and get updated ...

'World's largest' sodium-ion battery energy storage ...

This is currently the world's largest sodium-ion battery energy storage project and marks a new stage in the commercial operation of sodium-ion battery energy storage systems, Hina Battery said. The energy storage station ...

Sodium-ion batteries , Current status of the technology and supply

Sodium-ion batteries offer several advantages over lithium-ion batteries, including improved performance at lower temperatures and a reduced supply chain dependency. The ...

Global Market for Sodium-ion Batteries 2026-2036: Sodium-ion ...

The sodium-ion battery market is experiencing unprecedented momentum as industries worldwide seek sustainable, cost-effective alternatives to traditional lithium-ion ...

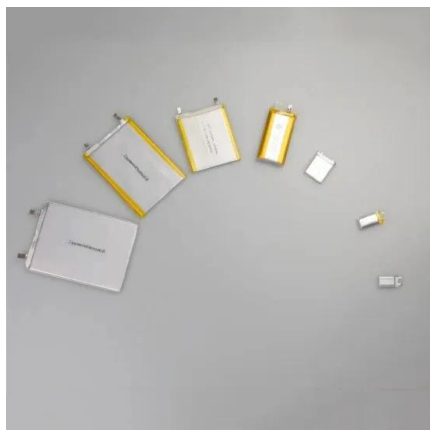

Are Sodium Batteries The Game-Changer For Solar ...

Despite their advantages, sodium-ion batteries face several challenges that need to be addressed to fully realize their potential in renewable energy storage: Lower Energy Density: Sodium-ion batteries currently have a ...

China announces procurement of sodium-ion batteries ...

The innovative project located in a suburban district in the south of Shanghai will integrate five different energy storage technologies, including sodium-ion batteries. Its first phase will have a cumulative capacity of 40 ...

Sodium-ion Batteries Market Global Report 2026-2036, with ...

This 300-fold price differential in raw materials translates directly into more affordable battery systems, positioning sodium-ion technology as a game-changer for price ...

Top 18 Sodium-Ion Battery Manufacturers 2024: CATL, Northvolt, ...

Global Sodium-Ion Battery Manufacturing: Strategic Leaders Reshaping the \$30B Energy Storage Revolution As lithium-ion batteries face critical supply chain vulnerabilities and price volatility, ...

Storage batteries in Spain

Types of batteries in the Spanish energy sector From modern lithium-ion batteries to sodium-ion batteries, at Iberdrola España we are implementing initiatives of different sizes in order to meet the energy needs in projects in Spain.

Sodium-Ion Batteries Programme and Their

Sodium-ion battery (SIB) technology can potentially address the concerns surrounding LIBs and emerge as an alternative BESS technology. SIBs benefit from limited reliance on critical ...
