Solar Panel project financing options in Libya 2026

Overview

Public Investment Fund (PIF): Key investor in localization and mega solar projects. Private Sector Participation (PSP) Law (2021): Encourages public-private partnerships (PPPs). Investment Law (2025): Levels the playing field for foreign investors. What are Libya's planned solar projects?

Libya's planned solar projects align with the government's National Strategy for Renewable Energy and Energy Efficiency, which outlines plans to achieve 4 GW of combined solar and wind capacity by 2035. Construction of the TotalEnergies-led solar plant project is expected to commence from 2025.

What is the largest solar energy project in Libya?

In June 2022, Total Energies, in collaboration with the General Electricity Company of Libya (GECOL) and REAoL, launched the Sadada Solar Energy 500 MW project in Al-Sadada, which is set to become the largest of its kind in the country.

Will totalenergies build a 500MW solar project in Libya?

At the recently held Libya Energy & Economic Summit 2025 (LEES), TotalEnergies announced that it expects to progress its 500MW Sadada solar project this year. The project is being built in partnership with the General Electricity Company of Libya and the Renewable Energy Authority of Libya (REAoL).

Does Libya have a potential for solar energy?

"Libya, as a region, is a big country with high potential for solar radiation," stated REAoL Chairman, Dr. Abdusalam Elansari, who added that Libya's immense potential for renewables positions the country as a possible exporter of clean energy to Europe and throughout the North African region.

Are solar PV systems a good investment in Libya?

In Libya, the solar photovoltaic (PV) systems are encouraging for the future,

due to incident solar radiation is greater than the minimum required rate across the country (Hewedy et al., 2017). Based on that from a techno-economics point-view, there is a need to develop substantial energy resource solutions.

Can Libya improve energy security?

Osama El Durrat, Advisor to the Prime Minister for Electricity and Renewable Energy Affairs, pointed to Libya's ongoing efforts to improve energy security. "There are several memoranda of understanding with Europe and Malta to execute underwater cable projects and export renewable energy.
