

## Global PV Storage Insights

# Solar plus storage project financing options in Netherlands 2025

## Overview

---

The Dutch government recently announced €100 million in subsidies for the development and integration of battery storage in solar PV projects covering about 160-330 MW for 2025, in response to emerging challenges related to grid constraints and renewable integration in the country. Will the Netherlands support battery storage in solar PV projects?

Netherlands recently announced €100 million in subsidies for the development and integration of battery storage in solar PV projects covering about 160-330 MW for 2025, in response to emerging challenges related to grid constraints and renewable integration in the country.

How much money does the Netherlands spend on battery energy storage?

Netherlands' climate minister has allocated €100 million in subsidies to the deployment of battery energy storage system (BESS) technology.

How much solar power does the Netherlands have?

The country's cumulative solar capacity is said to have exceeded 20 GW this year. Lion Storage has announced its flagship battery storage project 'Mufasa', with a nameplate capacity of 364 MW/ 1,457 MWh located in the Vlissingen port (North Sea Port), one of the upcoming energy hubs in the Netherlands.

Why does Germany need a solar-plus-storage subsidy?

That compares to the effective 100% requirement that solar-plus-storage projects used to need in order to qualify for an investment tax credit (ITC) in the US, and still do for Germany's Innovation Tender. The subsidy is needed because BESS co-located with PV are 'not profitable', the government said.

How much solar capacity did the Netherlands add in 2024?

The Netherlands added 3.1 GW of solar capacity in 2024, a sharp decline from the 5 GW recorded in 2023. What's causing the slump?

Our new article dives into the prospects for ground-mounted solar, the status of the SDE++ scheme, and the challenges and opportunities related to grid constraints.

How much Bess will be online in the Netherlands by 2030?

Without subsidies, transmission system operator TenneT expects about 2GW of BESS to be online in the Netherlands by 2030, much lower than the 9GW it forecasts it needs. See Jetten's letter announcing the accelerated deployment of the funds (in Dutch) [here](#). This isn't just another summit - it's our biggest and most exhilarating Summit yet!

## Solar plus storage project financing options in Netherlands 2025

---

### Recent Storage M& A Transactions and Investment News

Jul 11th: Green Genius, a Lithuanian renewable energy company, has secured EUR 36.66M in financing from RGreen Invest to develop a 78 MW solar-plus-storage project in Lithuania.

### DOE Announces \$289.7 Million Loan Guarantee to ...

As part of the Biden-Harris Administration's Investing in America agenda, the U.S. Department of Energy (DOE) Loan Programs Office (LPO) today announced the closing of a \$289.7 million loan guarantee to Sunwealth ...

### Arevon earns \$299 million financing package for 2 solar projects ...

In addition to the Ratts 1 and Heirloom projects, Arevon has announced other financings over the past year including a \$352 million deal for its Posey Solar Project, a \$529 ...

### The Netherlands pv panels with battery storage

Netherlands recently announced EUR100 million in subsidies for the development and integration of battery storage in solar PV projects covering

about 160-330 MW for 2025, in response to ...

### **Arevon earns \$299 million financing package for 2 ...**

In addition to the Ratts 1 and Heirloom projects, Arevon has announced other financings over the past year including a \$352 million deal for its Posey Solar Project, a \$529 million financing package for its Vikings Solar-plus ...

## **Rooftop Solar EPC Market , Global Market Analysis Report**

Rooftop Solar Epc Market Rooftop Solar Epc Market Size and Share Forecast Outlook 2025 to 2035 The rooftop solar epc market is projected to grow from USD 127.3 billion ...

### **Atlas secures US\$510 million for Chile solar-plus-storage plant**

Solar PV developer Atlas Renewable Energy has secured US\$510 million in financing for a solar-plus-storage project in Antofagasta, Chile.

## Project Finance Brief: Scatec Secures \$479 Million for Solar and

Lightsource bp, a solar project developer, secured around TWD 6 billion (~\$200 million) in financing for its 115 MWp fishery solar project in Budai and Yizhu Township, Chiayi ...

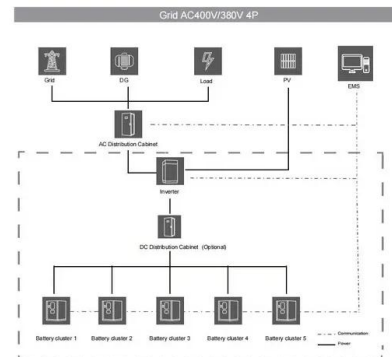

## Changing investment priorities in European solar ...

Both James Pinney and Kevni Iljazovski spoke at the 2025 Solar Finance & Investment Europe event, held in London. Image: Solar Media. The global solar sector has seen meteoric growth in recent

## Top 10 Energy Storage Investors in Netherlands , PF Nexus

This data-driven study ranks the top 10 Dutch energy storage investors, who are investing in innovative storage technologies and large-scale projects. These investors are redefining Dutch ...

## AXIAN secures US\$89.2 million in finance for Kolda ...

The EAAIF, FMO and DEG have invested EUR84 million (US\$89.2 million) into AXIAN Energy's Kolda solar-plus-storage portfolio in Senegal.

## 24 energy storage system suppliers tell us what's new in 2025

Energy Storage System (ESS) suppliers -- from battery manufacturers to smart panel providers -- tell Solar Builder magazine what's new in 2025.

## The Project Financing Outlook for Global Energy ...

While lenders may need to undertake additional diligence before financing an energy storage project, the project finance market for energy storage has grown and is continuing to grow alongside the rapid transition to less ...

## Dutch Administration Speeds up EUR100 Million Support for Solar ...

The climate minister of the Netherlands, Rob Jetten, has declared an early release of EUR100 million subsidy for the installation of 'time-shifting' battery storage integrated ...

## Enlight Secures \$550 Million Financing for Solar Plus ...

Enlight Renewable Energy, a renewable energy project developer, announced the closing of \$550 million debt financing for the project Roadrunner, located in the Sulphur Springs Valley region near Tucson, ...

## Aypa Power closes \$535m US solar-storage financing

Aypa Power closes \$535 million in debt financing to advance the 320MW Vidal solar-plus-storage project in San Bernardino County, California.

## Netherlands Solar Energy and Battery Storage Market (2025)
