Successful bid price of Solar Panel project in Panama 2026

Overview

The schedule organizes the integration of new generation technologies into the system starting in 2029 and includes a dedicated bidding process for solar photovoltaic technology in 2026.

The schedule organizes the integration of new generation technologies into the system starting in 2029 and includes a dedicated bidding process for solar photovoltaic technology in 2026.

Panama's National Energy Secretariat has added a solar-focused tender to its new Annual Electricity Sector Tender Schedule, which outlines five procurement processes between 2025 and 2028 as part of the country's long-term energy planning. From pv magazine LatAm The Panamanian government has.

It also establishes a capacity of 120 megawatts (MW) per month over the contract period, with a maximum bid price of \$97.50/MWh. The International Renewable Energy Agency (IRENA) reported that Panama had installed about 570 MW of solar capacity by the end of 2023. In October 2024, Panama launched.

Panama's National Energy Secretariat has introduced the first Annual Electricity Sector Tender Schedule, which outlines five bidding processes from 2025 to 2028. This includes a dedicated solar photovoltaic tender scheduled for 2026. The plan includes 1,420 MW of energy and 1,335 MW of new.

La Secretaría Nacional de Energía de Panamá incluyó una licitación enfocada únicamente en energía solar dentro del nuevo Cronograma Anual de Licitaciones del Sector Eléctrico, presentado como parte del proceso de planificación energética de largo plazo a través de cinco procesos entre 2025 y 2028.

Panama's National Public Services Authority (ASEP) has structured the auction in two stages: the first for 300MW of solar and wind projects, and the second dedicated to 300MW of hydroelectric projects. Winning bidders will secure 20-year contracts, providing long-term stability and encouraging.

La Secretaría Nacional de Energía de Panamá ha agregado una licitación centrada en la energía solar un programa su nuevo anual de licitación del sector eléctrico, descripción de cinco procesos de adquisición entre 2025 y 2028 coOte de la planificaciónnnónónón de cincess de adquisiciónt entre 2025 y.
