

## Global PV Storage Insights

# Successful bid price of Solar Panel project in Singapore 2026

## Overview

---

This is the largest initiative under the government-led Solar Nova program, which aims to accelerate the expansion of solar energy. Under the award, EDP Renewables is committed to deliver a minimum tender capacity of 130 MWp, with the potential to reach 200 MWp of solar capacity with this project.

This is the largest initiative under the government-led Solar Nova program, which aims to accelerate the expansion of solar energy. Under the award, EDP Renewables is committed to deliver a minimum tender capacity of 130 MWp, with the potential to reach 200 MWp of solar capacity with this project.

After surpassing its previous solar target of 220 MWp by 2020, HDB announced a new solar target of 540 MWp by 2030 in 2019. The EDP Renewables share lost 6.6 percent to EUR 12.38 on the first three trading days of this week (closing price, 28.02.2024, Stuttgart Stock Exchange).

The latest tender brings the number of Housing Board blocks in Singapore that will be fitted with solar panels to about 9,500. SINGAPORE - The Housing Board has awarded a tender to Sunseap Leasing - an entity of EDP Renewables - to install solar panels at about 1,075 HDB blocks and 101 government.

Lisbon, February 27th, 2024: EDP - Energias de Portugal, S.A. ("EDP"), through its 71.27% owned subsidiary EDP Renováveis, S.A. ("EDPR") has been awarded the largest initiative under the Government-led Solar Nova program - Solar Nova phase 8 - with the right to build and operate for 20 years up to.

EDP Renewables has secured a contract to deploy up to 200 MWp of new rooftop solar capacity in Singapore. The clean energy developer has agreed to build a minimum of 130 MWp, with the potential to deliver up to 200 MWp. It will install more than 320,000 solar panels across 1,075 of Singapore's.

The latest tender brings the number of Housing Board blocks in Singapore that will be fitted with solar panels to about 9,500. SINGAPORE - Solar panels are set to be installed at up to 1,075 Housing Board blocks by the third quarter of 2026, as part of Singapore's drive to harness more clean.

SINGAPORE: EDP Renewables APAC will install solar panels at more than 1,000 Housing and Development Board (HDB) blocks and government sites after it was awarded HDB's largest solar leasing tender. More than 320,000 solar panels will be installed across 1,075 HDB blocks and 101 government-owned. How many solar panels will be installed in Singapore in 2026?

SINGAPORE - Solar panels are set to be installed at up to 1,075 Housing Board blocks by the third quarter of 2026, as part of Singapore's drive to harness more clean energy. This will bring the number of blocks slated to have solar panels to about 9,500.

How many Housing Board blocks in Singapore will have solar panels?

The latest tender brings the number of Housing Board blocks in Singapore that will be fitted with solar panels to about 9,500. SINGAPORE - The Housing Board has awarded a tender to Sunseap Leasing - an entity of EDP Renewables - to install solar panels at about 1,075 HDB blocks and 101 government sites by the third quarter of 2026.

How much solar capacity will Singapore deliver?

The auction was jointly led by Singapore's Housing and Development Board and Singapore's Economic Development Board. The company commits to deliver a minimum tender capacity of 130 MWp with the potential to achieve to 200MWp of solar capacity with this project.

Why is HDB a leading solar power provider in Singapore?

HDB is the largest driver for the installation of solar PV systems in Singapore today, having committed a total solar capacity of 440 MWp, more than 80% of its 540 MWp solar targets by 2030.

How much solar energy does Singapore use a year?

The SolarNova program will generate an estimated 420 GWh of solar energy annually. This is about 5% of Singapore's total energy consumption or equivalent to powering 88,000 public housing flats. EDP Renewables APAC is headquartered in Singapore and has a pan-regional presence with more than 1.3 GWp of committed solar capacity as of December 2023.

Will solar panels be installed on HDB blocks?

Solar panels installed on HDB blocks. (Photo: TODAY/Aaron Low) Read a

summary of this article on FAST. SINGAPORE: EDP Renewables APAC will install solar panels at more than 1,000 Housing and Development Board (HDB) blocks and government sites after it was awarded HDB's largest solar leasing tender.
