Successful bid price of floor standing battery project in Italy 2025

Overview

The Rondissone project won a 15-year Capacity Market Contract with the Italian Government in the Q1 2025 auction at €47k/MW per year securing over €115M in revenues over the contract tenor.

The Rondissone project won a 15-year Capacity Market Contract with the Italian Government in the Q1 2025 auction at €47k/MW per year securing over €115M in revenues over the contract tenor.

The Rondissone project won a 15-year Capacity Market Contract with the Italian Government in the Q1 2025 auction at €47k/MW per year securing over €115M in revenues over the contract tenor. Under this contract Rondissone will provide flexible capacity to support the Italian Power Grid in exchange.

Clean Horizon releases its 2025 energy storage price forecast for Italy, covering MACSE auction details, business models and revenue streams.

The €5,000 boost from the Italian energy regulator has come via changes to three key parameters: the investment cost (INV), the rate of return on invested capital, and the operational cost factor (CFO), leading to a higher price cap in the upcoming capacity market auction for energy storage.

Italy's environment and energy ministry has approved six utility-scale battery storage projects in Lazio, Campania, Basilicata and Puglia. From ESS News A decree issued on Aug. 7, 2025, authorized a 120 MW battery energy storage system (BESS) developed by BESS Sessa Aurunca S.r.l. The facility will.

The first of Italy's new energy storage capacity procurement auctions (MACSE) will take place on September 30, 2025, Terna's president for grid development strategies, Francesco Del Pizzo, has confirmed. After months of speculation and a postponement from the initially planned July date, it's clear.

A panel titled "Interactive Deep Dive Italy: Choosing the best path for BESS ROI in Italy - MACSE, capacity market, or merchant strategies?"

" at the Battery Business & Development Forum 2025 highlighted that the

Italian battery storage market is very different from other European markets.
“The MACSE.

Successful bid price of floor standing battery project in Italy 2025

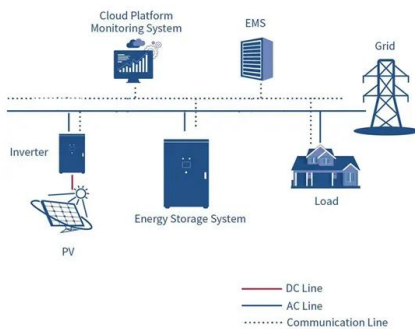

Italy approves 648 MW of new battery projects

The project design includes 45 battery units, each with a 780 kW capacity, and nine 3,900 kW inverters. On August 8, 2025, MASE authorized a new 100 MW battery project ...

Italy: BESS wins nearly 600MW in 2027 capacity market

Across two packed days, the Summit focused on three core themes: revenue & trading, the lifecycle of the battery, and optimisation tools. Attendees explored innovative ...

Italian Energy Storage Price Trends 2025: Market Shifts & Cost

As of March 2025, Italy's energy storage sector is undergoing tectonic shifts, with price trends reflecting a unique interplay of policy tailwinds and technological evolution.

Tracking the EV battery factory construction boom across North ...

Battery factories are popping up across North America. Here's where they are and how the

Inflation Reduction Act influenced the boom.

ITALY

Italy's battery storage market has become one of the largest and most dynamic in Europe. Italy has both a rapidly growing utility-scale market as well as a flourishing customer-sited battery ...

Solar projects dominate in preferred bid rounds , Energize

Commenting on the success of solar bids over onshore wind, a solar PV industry expert told Energize: "The choice is simple - solar is more cost-effective in today's market." ...

Prices of Energy Storage Systems in Italy: A 2025 Market Deep Dive

As of 2025, the global energy storage industry hits a staggering \$33 billion annually [1], and Italy--with its ambitious renewable energy targets--is becoming Europe's dark horse.

Battery energy storage in the NEM: Key trends in 2025

Energy Storage Summit Australia 2025 took place in March. This article summarises a presentation on key trends for battery energy storage in the NEM.

Rendering of Eku Energy's 150MW/600MWh Eshi BESS project in Okayama, Japan. Image: Eku Energy A total of 26 battery energy storage projects in Japan have been selected for contracts through the Long-Term ...

Greece awards 300 MW in storage tender

The Greek authorities have awarded 300 MW of new battery storage capacity in the nation's second energy storage tender, split among 11 projects. The tender is part of the ...

Consortium for Battery Innovation , » ALBA. 21-22 ...

ALBA is a successful, annual workshop focused on advanced lead batteries. The workshop will be held in Turin, Italy on 21 May 2025, from 11:00am-5.30pm and 22 May from 8.30am-2.30pm, and will include a ...

European Market Outlook for Battery Storage 2025-2029

The report explores trends and forecasts across residential, commercial & industrial (C& I), and utility-scale battery segments, offering deep insights into Europe's energy ...

Terna allocates 43 GW in Italian capacity market auction for 2027

On Feb. 26 Terna announced the results of its capacity market auction, allocating 43 GW for the delivery year 2027, for more than EUR1.847 billion. Industry insiders ...

[Europe's Grid Gets a Battery Boost:](#)

After years of uncertainty and limited progress, Europe is poised for a significant surge in battery projects for the grid. According to Aurora Energy Research Ltd., the continent could see a sevenfold increase in battery storage ...

CIP, GCSS to Develop 2.3GW Battery Storage in Italy

The collaboration between CIP and GCSS will focus on deploying standalone battery projects in both Northern and Southern Italy, with the first project set to begin construction in 2025. CIP's increasing focus on ...

Italy's 1st MACSE auction: green light for BESS investors

Project authorisation process must be completed by 26 th August 2025: all stand-alone BESS projects authorised by this date will be eligible for 2028 MACSE auction ...

Top 5: Largest BESS Projects in the World in 2025

As large battery projects become more and more common across the world, a new initiative, BESS100 has emerged to track the largest among them all. The BESS100, an open source visual database of the 100 ...

CIP, GCSS to Develop 2.3GW Battery Storage in Italy

The collaboration between CIP and GCSS will focus on deploying standalone battery projects in both Northern and Southern Italy, with the first project set to begin ...

Louden Tribe Rooftop Solar PV, Battery Storage, & EV ...

Time of Completion: Contractor must be able to complete the installation & integration of the electrical equipment for the solar array, installation of communication equipment, and micro ...

Italy's MACSE Auction: Battery storage price cap boosted to ...

Italy's Regulatory Authority for Energy, Networks and Environment (ARERA) has approved a series of modifications impacting the maximum price that can be offered in the ...

Europe's renewables market powers battery storage ...

Europe's battery storage capacity is expected to grow around five-fold by 2030, bringing with it increasing returns for energy majors, project developers and traders, as the cost of new projects

Electricity prices

TIDE Regulation: Starting 2025, introduces 15-minute pricing intervals--boosting price responsiveness and creating new opportunities for battery storage. Zonal Pricing: Effective ...
