

## Global PV Storage Insights

# Successful bid price of rooftop solar storage project in France 2030

## Overview

---

Despite the undersubscription, the auction achieved a new low in costs, with a weighted average bid of €97/MWh, continuing a trend of decreasing prices due to competitive bidding, cheaper modules, and streamlined financing.

Despite the undersubscription, the auction achieved a new low in costs, with a weighted average bid of €97/MWh, continuing a trend of decreasing prices due to competitive bidding, cheaper modules, and streamlined financing.

The French government's latest rooftop solar tender fell short of its 400 MWp target, with only 278 MW of projects selected across commercial roofs, solar shade structures, and car-park canopies. Despite the undersubscription, the auction achieved a new low in costs, with a weighted average bid of.

The average price offered by the winners maintained a downward trend, declining to EUR 98.20 (USD 106.38) per MWh from EUR 99.95/MWh in the prior call. According to an analysis by consultancy Finergreen, Montpellier-based Urbasolr heads the list of winners with 40.9 MWp of allocated capacity.

France's latest rooftop PV auction reached an average price of €101.69/MWh. Image: Unsplash The French government has awarded 179MW of solar PV in its most recent rooftop solar PV tender, half the amount of the previous auction. In total, the seventh rooftop PV auction ended up awarding 50 projects.

Due to the decline in photovoltaic component prices, the winning bid prices this time are lower than the previous round. The average winning bid price is €98.2/MWh (\$107/MWh), a 1.7% decrease from the previous round's €99.95/MWh. This is also the lowest winning bid price since the 3rd round of.

France concludes C&I rooftop PV tender with average price of €0.0982/kWh  
The French authorities have concluded a commercial and industrial (C&I) rooftop PV tender with an average price of €0.0982 (\$0.1067)/kWh. The government allocated 220 MW of PV capacity in total. March 11, 2025  
Gwénaëlle.

Fance's fifth tender for rooftop solar power capacity has awarded 230 MW at an average price of EUR 76.8 (USD 89) per MWh, or 5% less than in the previous such tender. Solar farm.
