

## Global PV Storage Insights

# Successful bid price of utility scale ESS project in Italy 2030

## Overview

---

How much Bess capacity will Italy have by 2030?

That is why Italy aims to add 15GW of BESS capacity by 2030 (of which 11GW should be standalone and 4GW co-located). As of March 2025, Italy has got 1GW of grid-scale BESS capacity online, placing the country in third place in Europe (shared with Ireland) in terms of installed capacity, behind Germany (1.6GW) and the UK (5.6GW).

How many energy storage projects are being developed in Italy?

The energy storage owner-operators had initially announced in February 2024 their partnership to develop three projects with a total combined capacity of 400 MW. This expansion brings their joint project development pipeline for utility-scale BESS in Italy to 2.9 GW across Italy's North and South electricity zones.

How many electricity markets does Italy have?

Italy has eight electricity market (and price) regions. The BESS figure is a big jump on the CM auctions for 2025 and 2026 delivery years, which saw 80-90MW of BESS capacity awarded contracts in each.

Is Bess a good investment in northern Italy?

While Northern Italy currently has the largest installed BESS capacity in the country, a build-out of RES in the South is increasing energy price volatility, creating a more compelling investment case for BESS in this region.

How is the Italian government aiming for 15GW of Bess capacity?

The Italian government is aiming for 15GW of BESS capacity by 2030 to maintain security of supply. The Italian government, regulator, and Transmission Service Operator (TSO) are creating an attractive regulatory environment for BESS by offering multiple incentive schemes and updating the grid code.

What is the business case for Bess in Italy?

Revenue Streams for BESS: The business case for BESS in Italy is underpinned by four main revenue streams: wholesale trading, the Ancillary Services Market (MSD), the Capacity Market (MC), and the new energy storage subsidy scheme (MACSE).

## Jinko ESS Secures Grid-Scale Energy Storage ...

Global leading energy storage company, Jinko ESS, a subsidiary corporation of Jinko Solar Co., Ltd., today announced to have secured a 5MWh grid-scale energy storage projects in Italy, marking its official entry ...

## Jinko ESS has secured a 5MWh grid-scale energy storage project in Italy

Jinko ESS has secured a 5MWh grid-scale energy storage project in Italy, marking its official entry into the Italian utility-scale storage market. The project will deploy Jinko ESS's G2 liquid

## ESS Prices Plummet to Historic Lows

Since 2023, the battleground of pricing has grown fiercer, with the cost of lithium carbonate plummeting, signaling an escalation in the price wars of ESS tender projects. Amidst ...

## Italy: the rise of utility-scale energy storage technologies

The Italian legislator has intervened, specifically in the development of storage capacity, by introducing a long-term procurement system of utility-scale storage capacity based ...

## ITALY

Italy's battery storage market has become one of the largest and most dynamic in Europe. Italy has both a rapidly growing utility-scale market as well as a flourishing customer-sited battery ...

## BESS Investment in Italy: Which Market Option is Best?

Success in either market comes down to the specifics of your project - how long your battery can provide power (duration), how efficient it is, and where it's located.

## CIP enters Italian market with 2.3 GW BESS pipeline

The Danish infrastructure investor has joined hands with GCSS to develop the pipeline of large-scale, standalone battery energy storage projects across both northern and southern Italy.

## Jinko ESS Secures Grid-scale Energy Storage Projects in Italy

Jinko ESS has announced that it has secured 5MWh grid-scale energy storage projects in Italy, marking its official entry into the country's utility-scale storage market. The ...

## Jinko ESS secures grid-scale energy storage projects in Italy

Jinko ESS has announced that it has secured 5MWh grid-scale energy storage projects in Italy, marking its official entry into the country's utility-scale storage market. The projects will deploy ...

## BW ESS and ACL Energy Expand Italian BESS ...

BW ESS and ACL Energy have announced a significant expansion of their joint project development pipeline for stand-alone, utility-scale battery energy storage systems (BESS) in Italy.

## Global energy storage market: review and outlook-Industry ...

Meanwhile, as utility-scale storage projects in Spain, Belgium, and other countries, gradually come online in 2025, the European market will shift from being dominated ...

## Evolution of Grid-Scale Energy Storage System Tenders in ...

The utility-scale ESS market in India saw its first installation with a pilot project by Power Grid Corporation of India in 2017 in Puducherry. It was set up with a capacity of 500 Kilowatt-hour ...
