Turnkey standalone energy storage EPC contract price in Australia

Overview

The average price of EPC for energy storage projects generally falls within the range of \$1,000 to \$3,000 per installed kilowatt; this cost can fluctuate based on various factors such as project scale, technology employed, site conditions, and location-specific economic considerations. Does CSI solar have a turnkey EPC contract?

Canadian Solar has announced that e-STORAGE, which is part of the Company's majority-owned subsidiary CSI Solar has been awarded a turnkey EPC contract for 100 MW / 200 MWh energy storage solutions by Fotowatio Renewable Ventures (FRV) Australia for its Terang energy storage project in Victoria, Australia.

When will E-storage & FRV Australia start construction?

e-STORAGE and FRV Australia have entered into an Energy Storage Supply Agreement and a long-term service agreement. Construction of the project is scheduled to commence in August 2024. e-STORAGE will deliver SolBank 3.0, its latest proprietary energy storage solution, for the Terang project.

What is an EPC contract?

Conclusion EPC contracts are becoming increasingly popular in the renewable energy industry as a way to reduce risk, costs, and timelines associated with a project. Understanding the key elements of an EPC contract, as well as the legal terms and conditions, is critical to ensuring the success of the project.

What is FRV Australia's first energy storage project?

Located in Terang, Victoria, the project will be FRV Australia's first standalone energy storage project and is expected to create many jobs during both the construction and operational phases. FRV Australia Chief Executive Officer Carlo Frigerio said: "Building our first large-scale energy storage project is a major milestone for FRV Australia.

What is an engineering procurement and construction (EPC) contract?

1□ Introduction For companies looking for a reliable and cost-effective way to develop renewable energy projects, an Engineering, Procurement and Construction (EPC) contract is an essential legal instrument for delivery of the project.

What are EPC performance guarantees?

Performance guarantees are in place to ensure the EPC contractor performs its obligations under the EPC contract. These performance guarantees are supported by liquidated damages payable to the principal where the EPC contractor under-performed the contract. Handover, Testing and Commissioning
