

Global PV Storage Insights

Wind solar storage project financing options in Chile 2026

Overview

Will Chile support the energy transition?

A spokesperson for Engie Group told Dialogue Earth that Chile is seen as one of its strategic countries for supporting the energy transition, which “entails the investment of USD 1.8 billion by 2027. Our plan in Chile considers incorporating 1.4 GW to reach 2 GW of installed capacity in clean energy, including 2 GWh in storage systems”.

Which Chinese companies are building a solar power plant in Chile?

Chinese companies have in recent years built, or announced plans to build, Chile’s longest power line, solar plants and wind farms, while in battery storage, solar giant Trina has launched three projects in the country. John Bartlett is a British journalist based in Santiago, Chile, covering economics, politics and culture.

Will Chile's storage capacity double in 2032?

The energy ministry spokesperson told Dialogue Earth that the country’s environmental assessment body is currently assessing the viability of 300 more storage projects, with a total capacity of 16 GW. According to some projections, between 2026 and 2032, Chile’s total storage capacity could double to 4 GW.

Does Codelco have a PPA for a solar-plus-storage project in Chile?

This is not the first time Codelco and Atlas Renewable Energy have signed a PPA for a solar-plus-storage project in Chile, following the two companies’ signing of a 15-year 375GWh 24/7 supply agreement in March 2024. At the time, this marked the developer’s entrance into the BESS market, according to its CEO.

Where are Chile's battery energy storage facilities located?

Chile’s first battery energy storage projects were commissioned in 2009, and

all but two of its 16 administrative regions have facilities in operation, under construction or in the planning stage. The greatest installed capacity is found in the northern regions of Antofagasta and Tarapacá, the country's solar powerhouses.

Why are solar PV projects being co-located in Chile?

More and more solar PV projects are co-located or hybridised with BESS in Chile as solar PV as standalone projects have become financially unviable in the country. One of the challenges Chile faces is the ever-increasing curtailment of solar PV and wind.

Wind solar storage project financing options in Chile 2026

Project Financing and Energy Storage: Risks and ...

The general principles of project finance that apply to the financing of solar and wind projects also apply to energy storage projects. Since the majority of solar projects currently under construction include a storage ...

Colbún Invests US\$650 Million in Clean Energy and ...

During its Annual Shareholders' Meeting, Colbún S.A. revealed plans to invest US\$650 million in energy storage and clean energy projects over the next two years (2025-2026), marking a significant step in the company's ...

DNV supports record financing for Chile's solar-storage hybrid project

DNV, an unbiased vitality professional and assurance supplier, has performed a key position in offering complete advisory providers to Atlas Renewable Power to safe US\$510 ...

1.3 GW Solar Wind Storage: Remarkable Project in Chile

This initiative forms a key component of AES Andes' broader strategy to integrate 1.5 GW of renewable energy into its portfolio by 2026,

backed by a substantial ...

Chile makes progress on energy storage with 20

The technological diversity of energy storage projects in Chile is remarkable. From battery storage systems to innovative projects with gases such as CO₂, the country is exploring different solutions to meet changing energy demands.

CHILE GREEN HYDROGEN PROJECT - 325TPD

DHT Energy and HAPS Chile is organizing a consortium for the Arica Green Hydrogen project and has invited E& M Combustion, Kawasaki, Petronas, Copenhagen Infrastructure Partners, ...

Chile: 2GWh+ of energy storage projects proposed in ...

The Atacama desert region in Chile is a hotbed of solar and storage activity. Image: Elias Roviello. Nine projects pairing solar or wind with energy storage submitted environmental impact assessments (EIAs) in Chile ...

Chile to Launch \$2 Billion Bill for Large-Scale Energy ...

The government of Chile has announced plans to introduce a bill this year aimed at procuring large-scale energy storage systems. With an investment of \$2 billion, the initiative is set to commence operations in 2026 ...

Chile energy storage project introduction

The financing covers phases one and two of its Oasis de Atacama battery energy storage system (BESS) project, totalling 244MWp of solar and 1.24GWh of BESS capacity. Long-term, the ...

DNV supports record financing for Chile's solar-storage hybrid project

DNV, an independent energy expert and assurance provider, has played a key role in providing comprehensive advisory services to Atlas Renewable Energy to secure ...

Verano Energy secures USD 204 Million Project Finance facility to

With commercial operations expected by the end of 2026, Domeyko is one of Chile's most innovative renewable energy projects, combining large-scale solar generation with ...

Atlas Renewable Energy secures \$510 million for Estepa project in Chile

Atlas Renewable Energy has secured \$510 million financing for the Estepa project. It is a hybrid solar photovoltaic and battery energy storage system (BESS) project ...

Zelestra secures 220MW/1GWh solar-plus-storage ...

This is the second solar-plus-storage PPA in Chile for Abastible in the past month. Image: Zelestra. Spanish renewables developer Zelestra has signed a long-term power purchase agreement (PPA)

Atlas banks USD 510m for solar-storage project in Chile

Latin America-focused Atlas Renewable Energy has secured USD 510 million (EUR 448.9m) in financing with a group of banks to support the realisation of a large solar-plus-storage project in Chile.

Verano secures financing for Chile solar-plus-storage project

Independent power producer (IPP) Verano Energy has closed a US\$204 financing for a 83MW/660MWh solar-plus-storage project in Chile.

Chile seeks multi-gigawatts of large-scale storage for ...

The government of Chile will launch a bill this year to procure large-scale energy storage systems for commissioning in 2026 totalling US\$2 billion of investment, on top of 5GWh already being sought for 2027-28.

Atlas Renewable Energy Closes Largest Financing ...

MIAMI, FL, UNITED STATES, April 21, 2025 / EINPresswire / -- Atlas Renewable Energy, an international leader in renewable energy solutions, secured the largest financing in its history for ...

Project Finance Brief: Enfinity Global Secures \$368 Million

1 ??· Swift Current Energy, a utility-scale solar, wind, and energy storage project developer, raised \$242 million in project financing for its 150 MW/600 MWh Prospect Power Storage ...

Highvoltage Battery

Verano Energy signs PPA for 83-MW solar-plus ...

Latin America-focused renewables company Verano Energy has signed a 15-year power purchase agreement (PPA) to support its 83-MW Domeyko solar project with a 660-MWh battery energy storage system (BESS) ...

Latin America Clean-Tech: Solar, Wind & Storage Events Calendar 2025-2026

Latin America is fast emerging as a pivotal region in the global clean energy transition. Governments across the region are investing heavily in solar, wind, and storage ...

Verano Energy inks USD-204m financing for solar, BESS project ...

The 83-MWp solar farm, coupled with a 660-MWh battery energy storage system (BESS), will be located near Vallenar in the Atacama region. It is expected to start ...

Verano Energy signs PPA for 83-MW solar-plus-storage project in Chile

Latin America-focused renewables company Verano Energy has signed a 15-year power purchase agreement (PPA) to support its 83-MW Domeyko solar project with a 660 ...

[Renewable Energy Project Financing](#)

Renewable energy financing with 30-50% ITC, USDA REAP grants up to \$1M, DOE loans at 2-3%, and NMTC reducing costs 25%. Solar, wind, and storage funding.

Greenergy bags USD-324m loan for Oasis de Atacama's Phase 4

With the move, the Spanish firm achieved its asset rotation target and secured financing for the remaining portions of Oasis de Atacama, as well as for its 2023-2026 ...

Energy Project Financing for Solar, Wind & Storage Projects

Explore energy project financing options for solar farms, wind energy, battery storage & clean energy retrofits. Learn eligibility, tax benefits & more.

Colbún starts construction of 912 MWh Tesla battery in Chile

The project also includes construction of a step-up substation and a 3.5 km, 220 kV high voltage line to be connected to the Roncacho sectioning substation owned by Engie ...

Noticias/news

Verano Energy has obtained environmental approval for its Catalina del Verano solar-plus-storage project in the O'Higgins region, central Chile, after making some technical ...

Investor Presentation

Remaining weighted average life of Power Purchase Agreements, excluding projects under construction and in development, before consideration of renewal options. ...

Verano Secures \$204M for Chile Solar-Storage Project

Verano Energy has secured USD 204 million to finance the Domeyko solar-plus-storage project in Chile's Atacama region, aiming for commercial operations by 2026. The project will feature an ...

1.3 GW Solar Wind Storage: Remarkable Project in Chile

First Phase of Solar Wind Storage Project Includes 250 MW of Solar Power The initial phase focuses on installing three 50 MW solar parks, totaling 250 MW, and is slated for ...

**2MW / 5MWh
 Customizable**

Atlas banks USD 510m for solar-storage project in Chile

Latin America-focused Atlas Renewable Energy has secured USD 510 million (EUR 448.9m) in financing with a group of banks to support the realisation of a large solar-plus ...

Project Finance Brief: Enfinity Global Secures \$368 Million

1 ??· Enfinity Global, a renewable energy project developer, raised EUR316 million (~\$368 million) in financing to support the construction of eight utility-scale solar projects with a combined ...

Zelestra secures \$282mn financing for hybrid solar and storage project

Zelestra has secured \$282mn financing from Natixis CIB, BNP Paribas and BCI for its Aurora project, combining a 220 MWdc solar plant and 1 GWh storage capacity in the ...
