Overview

Will Hungary provide grants for energy storage projects in 2025?

The Ministry of Energy in Hungary will provide grants for the deployment of energy storage projects, with some 1GWh targeted by 2025. From June, system operators and distribution companies will be able to apply for subsidies to build energy storage facilities by the summer of 2025 at the latest, the Ministry said.

How much does Hungarian government spend on energy storage projects?

The Hungarian government has allocated HUF 62 billion (EUR 158 million) for energy storage projects with an overall 440 MW in operating power. Hungarian authorities launched the tender for grid-scale batteries on January 15 and received offers until February 5. The winning bidders were selected a few days ago.

How many solar facilities will Hungary have in 2026?

In another tender, for a wider range of companies, contracts are being signed to support the completion of 50 facilities in 2026 with HUF 62bn of state contributions. Lantos said Hungary's solar energy capacity has surpassed 7.5 GW.

How many solar plants will Hungary have by 2030?

Lantos said Hungary's solar energy capacity has surpassed 7.5 GW. By 2030, they are calculating that there will be 12 GW of solar plants, but additional network investments will be needed to connect this capacity to the grid.

Will a loss of imports affect Hungary's oil & gas supply?

Talking about the stability of Hungary's oil and gas supply, the minister said the majority of fossil fuel shipments now arrive from the south, the complete loss of imports from the east does not pose an immediate risk to supply security.

Wind solar storage tender price in Hungary 2025

System Topology

Hungary's solar capacity surpasses 8 GW

Hungary's cumulative solar capacity exceeded 8 GW by the end of last month, according to an update from the country's Ministry of Energy. The milestone represents steady growth in Hungary's

Hungary awards EUR 158 million for 440 MW of ...

Hungarian authorities launched the tender for grid-scale batteries on January 15 and received offers until February 5. The winning bidders were selected a few days ago.
